NEW MEXICO BULLETIN NO. 430-13-1

SUBJECT: SOI – 2013 SOILS PLANNER

TO: All Offices

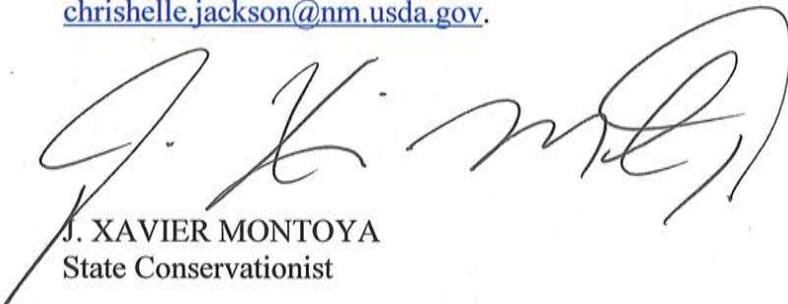

Purpose. To distribute the 2013 Soils Planner.

Expiration Date. December 31, 2013

We are pleased to announce the release of the 2013 Soils Planner. The theme for this year is “Unlock the Secrets in the Soil.”

We understand that soils and farms vary a great deal across the county, so our job is to provide farmers the very best information available to meet their unique needs and help their business thrive. This planner is one vehicle that will help us communicate the basics and benefits of soil health to farmers and others.

The Soil Science Society of America have partnered with the Natural Resources Conservation Service in support of this planner. If you have any questions please email chrishelle.jackson@nm.usda.gov.
