

# NRCS

## New Mexico

CSP gives us the opportunity to reward those working conservationists who are trying to do leading-edge conservation.

### CSP: A Three Tiered Program

- I. Protect soil and water quality on part of your operation.
- II. Protect soil and water quality on all of your operation. (Plus: Agree to address one other resource concern)
- III. Protect all natural resources concerns on all of your operation. (Plus: Agree to additional activities)

#### TIER EXAMPLES: 3 Farms with 4 Fields Each

-  = Fulfills minimum soil quality criteria on that part of the farm
-  = Fulfills minimum water quality criteria on that part of the farm
-  = Fulfills other minimum criteria on that part of the farm

### National Average FY2004 CSP Payment

- Tier I \$5,800
- Tier II \$16,500
- Tier III \$19,350

FY2005 have yet to be determined

NRCS is as close as your nearest Service Center.

The USDA is an equal opportunity provider and employer.
