The New Hampshire NRCS Mission, Vision, and Quality Policy

Mission

The mission of the New Hampshire Natural Resources Conservation Service is to provide leadership and administer programs to help people conserve, improve, and sustain our natural resources and environment.

Vision

We will provide leadership and professional service in partnership with Conservation Districts, and others to assist the public to preserve, protect and sustain natural resources.

We will accomplish this vision by:

- assisting land users and communities in conservation land use planning;
- enhancing water quality by reducing non-point sources of pollution;
- inventorying and interpreting soils and other natural resources;
- protecting the natural resource base for sustained agriculture;
- providing watershed and water resources planning;
- restoring and protecting wet lands and other natural ecosystems;
- using advanced delivery technologies for resource planning; and
- committing to a diverse workforce.

Our Quality Policy

Our employees will achieve quality by:

- using sound, professional judgment based on the best available science and technology;
- fostering working relationships with local, state, and federal groups and agencies;
- providing environmentally sound solutions to natural resource problems;
- using an interdisciplinary approach;
- adapting to the changing needs of our customers;
- providing service in a nondiscriminatory manner; and
- operating efficiently in the public interest.
