

## Hello, worm lovers and soil supporters!

It is I, S.K. Worm. The S.K. stands for "Scientific Knowledge." But you can call me Skworm, as in squirm around and wiggle all over the place.

I'm the official annelid, or worm, of the U.S. Department of Agriculture's Natural Resources Conservation Service. And it's my job to make you and everybody else naturally resourceful about natural resources. Let's get started!
