

**Environmental Quality Incentives Program (EQIP) New England Forestry Initiative
Core and Supporting Conservation Practices**

• **Core Conservation Practices**

Practice	Description
313	Herbaceous and Woody Plant Control
314	Brush Management
315	Herbaceous Weed Control
396	Fish Passage
612	Tree and Shrub Establishment
643	Restoration of Rare and Declining Habitats
645	Upland Wildlife Habitat Management
647	Early Successional Habitat Development
655	Forest Trails and Landings
666	Forest Stand Improvement

• **Supporting Conservation Practices**

Practice	Description		Practice	Description
327	Conservation Cover		516	Pipeline
338	Prescribed Burning		533	Pumping Plant
342	Critical Area Planting		560	Access Road
379	Stream Planting		574	Spring Development
382	Fence		578	Stream Crossing
383	Fuel Break		580	Stream bank and Shoreline Protection
384	Forest Slash Treatment		587	Structure for Water Control
386	Field Border		614	Watering Facility
391	Riparian Forest Buffer		644	Wetland Wildlife Habitat Development
393	Filter Strip		646	Shallow Water Development and Management
394	Firebreak		654	Road-Trail-Landing Closure and Treatment
395	Stream bank Restoration		657	Wetland Restoration
422	Hedgerow Planting		659	Wetland Enhancement
472	Access Control		660	Tree and Shrub Pruning
490	Tree and Shrub Site Preparation
