

WORK-IN-PROGRESS...

Help share in **Take Our Daughters And Sons To Work**® Foundation's 2013 theme at your workplace. Whether you are employed at home or in a small to large company, each person can make a difference in the future of how America works.

By joining in the national **Take Our Daughters And Sons To Work**® Day at your workplace and by inviting your children, your neighbors' children, or children from housing areas to participate, you can help them learn about career opportunities and life options in a positive way. It's never too early to start encouraging youth to have an active imagination, to set goals, and to take more control of their future.

Help keep a child's **Work-In-Progress** by providing a way for them to participate in **Take Our Daughters And Sons To Work**® Day.
