

Iowa Addendum: Animal Enhancement Activity – ANM03 – Incorporate native grasses and/or legumes to 15% or more of herbage dry matter productivity

DOCUMENTATION REQUIREMENTS Clarification

1. Written Grazing Plan = Maintain minimum stubble heights for the primary forage functional group or species as shown in Table #1 of Iowa Agronomy Technical Bulletin #31.
2. NRCS developed Seeding Plan using IA-CPA-4 showing seeding rates, dates, species planted, site preparation. Plan conforms to Iowa Agronomy Technical Bulletin #34. IA-CPA-4 Seeding plan signed by producer and NRCS employee indicating compliance with the seeding plan.
3. Aerial Photocopy showing locations where seeding was done.

Certification of Enhancement Completion: One Time for Each Pasture Enhanced

I certify the enhancement criteria and documentation were completed according to specifications and have been provided to NRCS:

Signature of Producer	Date	Fields	Acres
