ENGINEERING FIELD HANDBOOK (NEH Part 650)
210 – ENG
Notice IL65

SUBJECT: ENG – National Engineering Handbook (NEH), Part 645, Engineering Technical Materials

Purpose. To distribute revised IL-ENG standard drawings.

Effective Date. Upon receipt.

Explanation of Changes. This notice distributes 12 revised standard engineering drawings. Two of these revised drawings have changed drawing numbers so that closely related drawings are close in numerical drawing number sequence.

This notice continues with the change in the way Illinois NRCS standard drawings with multiple pages will be presented. Drawings with multiple pages in this release are now contained in a single file to streamline user access. Three formats are now supported: .dwg, .pdf, and .dxf.

The Illinois NRCS engineering website will be revised to reflect the updated drawings:

http://www.nrcs.usda.gov/wps/portal/nrcs/detail/il/technical/engineering/?cid=nrcs141p2_030571.

Filing Instructions. Optional. Holders of hardcopy Illinois Engineering Drawing binders should:

1. Replace Numerical Index dated 7/2013 with the new Numerical Index (attached) dated 8/2013.
2. Replace Category Index dated 7/2013 with the new Category Index (attached) dated 8/2013.
3. Print copies of the new and revised drawings, which will be temporarily available on SharePoint until 9-3-2013:
<https://nrcs.sc.egov.usda.gov/central/il/Shared%20Documents/Forms/AllItems.aspx>
4. Follow instructions on attached distribution listing of new drawings, filing in the IL-ENG Drawing binder.

Questions regarding this submittal should be directed to the Area Engineer.

A handwritten signature in black ink, appearing to read "Ruth Book", with a long horizontal flourish extending to the right.

RUTH BOOK
State Conservation Engineer
