

CONTRACT NO. 12-10-410-9030

SUPPLEMENT TO
PROJECT AGREEMENT
for
PLANNING PARTY OPERATIONS
between the
TEXAS STATE SOIL & WATER CONSERVATION BOARD
and the
SOIL CONSERVATION SERVICE
UNITED STATES DEPARTMENT OF AGRICULTURE

This Supplement is made and entered into by the Texas State Soil & Water Conservation Board, hereinafter referred to as the "Board," and the Soil Conservation Service, hereinafter referred to as the "Service," to amend Paragraph A, Item 1, of the Project Agreement for the development of a work plan on Aquilla-Hackberry Creek Watershed in Hill County, Texas.

Paragraph A, Item 1, is amended to provide for continued reimbursement by the Board to the Service of an estimated \$10,000.00 for the period beginning September 1, 1966, and ending August 31, 1967, provided the surveys and development of the work plan are not completed on or before June 30, 1967, and to show the aggregate sum of reimbursement as not to exceed \$38,560.04.

Paragraph C, Item 4, of the Agreement is further amended to increase the estimated cost of developing the work plan by \$12,250.00, bringing the total estimated cost to \$38,560.04.

All other conditions of the Project Agreement remain the same.

IN WITNESS WHEREOF, the parties have executed this Supplement as of the date indicated by and through their duly authorized officers and agents.

SUPPLEMENT TO
PROJECT AGREEMENT
for
PLANNING PARTY OPERATIONS
between the
TEXAS STATE SOIL AND WATER CONSERVATION BOARD
and the
SOIL CONSERVATION SERVICE
UNITED STATES DEPARTMENT OF AGRICULTURE

This supplement is made and entered into by the Texas State Soil and Water Conservation Board, hereinafter referred to as the "Board", and the Soil Conservation Service, hereinafter referred to as the "Service", to amend Paragraph A, Item 1, and Paragraph C, Item 4, of the Project Agreement for the development of a work plan on Aquilla-Hackberry Creek Watershed in Hill County, Texas.

Paragraph A-1 of the agreement is hereby amended to increase, effective June 13, 1966, the amount of reimbursement by the Board by \$8,000.00 and to show the aggregate sum of reimbursement as not to exceed \$26,310.04.

Paragraph C-4 of the agreement is hereby amended to increase the estimated cost of developing the work plan by \$8,000.00, bringing the total estimated cost to \$26,310.04.

All other conditions of the Project Agreement remain the same.

IN WITNESS WHEREOF the parties have executed this supplement as of the date indicated by and through their duly authorized officers or agents.

PROJECT AGREEMENT
For
WATERSHED PRELIMINARY INVESTIGATION
Between the
TEXAS STATE SOIL AND WATER CONSERVATION BOARD
and the
SOIL CONSERVATION SERVICE
UNITED STATES DEPARTMENT OF AGRICULTURE

WITNESSETH

WHEREAS, The Board and the Service have heretofore executed a COOPERATIVE MASTER AGREEMENT, effective December 1, 1961, in which is recited their respective authorities for execution of agreements of this nature, their mutual statewide intentions for cooperative assistance to local sponsoring organizations in making required investigations and conducting necessary surveys for the purpose of locating, designing and installing works of improvement for the reduction and prevention of floods, and a provision that for each cooperative project of this nature a specific project agreement would be executed, duly obligating the related work performance and funds required therefor, and

WHEREAS, it is now the desire of the parties to said COOPERATIVE MASTER AGREEMENT, and to this agreement, to assist sponsoring local organizations in conducting a preliminary investigation and preparing a report on such investigation as a preliminary step to development of a work plan for the

AQUILLA-NACKBERRY CREEK WATERSHED

HILL COUNTY, TEXAS

NOW, THEREFORE, the parties hereto agree as follows:

A. The Board will:

1. Reimburse (supplement) the Service for expenditures made and expenses incurred for and in connection with the accomplishment of investigations and surveys of the watershed named above and related report preparation; such reimbursement to be made upon presentation of appropriate statements not more often than once each month; however, the aggregate sum of reimbursement by the Board to the Service in consequence of this agreement shall not exceed \$18,310.04 or such increased amount as may be authorized by a duly executed supplement hereto; and provided further, no reimbursement shall be made by the Board to the Service for expenses incurred subsequent to June 30, 1966, or such later date as may be authorized by a duly executed supplement hereto.

me*

2. Make every effort to support this cooperative undertaking through to completion despite the possible necessity of periodic financing.

B. The Service will:

1. Furnish to the Board such financial statements and reports relative to the operations under this agreement as are reasonably available, and needed by the Board to satisfy fiscal requirements.
2. Observe a high standard of work accomplishment under authority of this agreement.
3. Permit authorized representatives of the Board to inspect, during the progress of the work, all operations and records.
4. Prepare billings for reimbursement in a manner adaptable to the fiscal requirements of the Board.

C. It is mutually agreed that:

1. This Agreement shall become effective on date of last signature hereto, and shall remain in effect until June 30, 1966, but may be renewed annually by the parties until the completion of the work, it being expressly understood that the limitation amount and expiration date set forth in Paragraph A.1 above, or as increased and/or extended, respectively, by duly executed supplement(s) or amendment(s) hereto, shall govern the obligation of the Board with respect to reimbursement due the Service.
2. This agreement may be amended, supplemented or terminated at any time by mutual agreement of the parties hereto or terminated 60 days after written notice from one party to the other.
3. The development of a preliminary investigation report for the entire project will require approximately three months for completion, provided the necessary resources can be made available as needed under authority of this agreement and supplements thereto where required.
4. The total estimated cost for development of the report for this project is \$18,310.04; the financial obligation on the part of the Board being as set forth in Paragraph A.1 (unless changed by supplement(s) hereto).
5. In the event funds available to the Board for support of this undertaking prove inadequate to meet the total planning cost, the Service will have the right to enter into separate reimbursement agreements, when possible, with sponsoring organizations for the performance, or continuation of performance of investigation of identifiable units or segments of the Board-approved watershed.

- 6. The Service will have the right to terminate operations at any time it is determined that the project for the watershed area will not be feasible to carry out; the Service will notify the Board of any such determinations.
- 7. No member of Congress or Resident Commissioner shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom; but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.
- 8. The Program conducted will be in compliance with all requirements respecting nondiscrimination as contained in the Civil Rights Act of 1964 and the regulations of the Secretary of Agriculture (7 C.F.R. Sec. 15.1 - 15.13), which provide that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any activity receiving Federal financial assistance.

IN WITNESS WHEREOF, the parties hereto have executed this agreement as of the date indicated by and through their duly authorized officers or agents.
