

Certified Ohio Department of Transportation (ODOT) aggregate sources can be obtained directly from the ODOT web site. This is the best way to get the most current ODOT information. Information can be obtained for most aggregate sizes by ODOT District, County, State, or Producer/Supplier. Material searches can also be done by selecting a specific size or by choosing all sizes.

All results are presented as Certified Reports in Adobe Acrobat (.pdf) format that can be printed and/or saved.

Checking for Updates to the Lists

To check if any changes have occurred since you last visited the ODOT site, you can go to the portal shown below and type in beginning and ending dates along with the ODOT District number (county, state and producer/supplier are not available as search choices).

To get to this portal, refer to Figure 2 above and choose “List of Changes to Producer/Suppliers”. The following screen will appear (Figure 3):

The screenshot shows the CMS Portal interface for the Ohio Department of Transportation. On the left is a navigation menu with options: BID & ITEM DATA, VIRTUAL WAREHOUSE, WEB CMS - FINANCE, WEB CMS - TEST RESULTS, and CONTRACTORS REPORTS. The main content area displays a form titled "Enter Parameters For The List Of Changes To Producer/Suppliers Report:" with three input fields: "From Date: (mm/dd/yyyy)", "To Date: (mm/dd/yyyy)", and "Districts: (Separate by commas, i.e., 01, 02, etc)". A "Submit" button is located at the bottom of the form.
