TABLE 17.--CLASSIFICATION OF THE SOILS

| Soil name        | Family or higher taxonomic class  |
|------------------|---|
| Aboten-----      | Haplic Nadurargids, loamy, mixed, mesic, shallow  |
| Annaw-----       | Typic Camborthids, sandy-skeletal, mixed, mesic   |
| Appian-----      | Typic Natrargids, fine-loamy over sandy or sandy-skeletal, mixed, mesic                 |
| Arclay-----      | Aridic Argixerolls, loamy, mixed, mesic, shallow  |
| Attella-----     | Lithic Xeric Torriorthents, loamy-skeletal, mixed (calcareous), frigid                  |
| Bango-----       | Haplic Natrargids, fine-loamy, mixed, mesic   |
| Barmot-----      | Typic Torriorthents, fine, montmorillonitic (calcareous), mesic                         |
| Bedwyr-----      | Typic Natrargids, clayey, montmorillonitic, mesic, shallow                              |
| Bedzee-----      | Xerollic Haplargids, clayey, montmorillonitic, mesic, shallow                           |
| Belate-----      | Aridic Argixerolls, loamy-skeletal, mixed, frigid                                       |
| Biddleman-----   | Typic Natrargids, fine-loamy over sandy or sandy-skeletal, mixed, mesic                 |
| Biga-----        | Duric Natrargids, clayey over loamy, montmorillonitic, mesic                            |
| Bimmer-----      | Typic Torriorthents, loamy, mixed, nonacid, mesic, shallow                              |
| Blacktop-----    | Lithic Torriorthents, loamy-skeletal, mixed (calcareous), mesic                         |
| Bluewing-----    | Typic Torriorthents, sandy-skeletal, mixed, mesic                                       |
| Bombadil-----    | Lithic Xerollic Haplargids, loamy, mixed, mesic   |
| Buckaroo-----    | Typic Natrargids, fine, montmorillonitic, mesic   |
| Budihol-----     | Xeric Torriorthents, loamy, mixed, nonacid, mesic, shallow                              |
| Buffaran-----    | Xerollic Durargids, clayey, montmorillonitic, mesic, shallow                            |
| Bundorf-----     | Typic Durargids, clayey, montmorillonitic, mesic, shallow                               |
| Burnborough----- | Aridic Argixerolls, loamy-skeletal, mixed, frigid                                       |
| Ceejay-----      | Lithic Xerollic Haplargids, clayey, montmorillonitic, mesic                             |
| Celeton-----     | Typic Torriorthents, loamy, mixed (calcareous), mesic, shallow                          |
| Chill-----       | Xerollic Haplargids, loamy, mixed, mesic, shallow                                       |
| Chilper-----     | Duric Natrargids, clayey over loamy-skeletal, montmorillonitic, mesic                   |
| Chuckles-----    | Typic Camborthids, fine-silty, mixed, mesic   |
| Clanalpine-----  | Typic Argixerolls, loamy-skeletal, mixed, frigid  |
| Cleavage-----    | Lithic Argixerolls, loamy-skeletal, mixed, frigid                                       |
| Cleaver-----     | Typic Durargids, loamy, mixed, mesic, shallow   |
| Colbar-----      | Xerollic Haplargids, fine-loamy, mixed, mesic   |
| Coppereid-----   | Xeric Torriorthents, loamy, mixed (calcareous), mesic, shallow                          |
| Corral-----      | Xerollic Haplargids, loamy, mixed, mesic, shallow                                       |
| Defler-----      | Typic Torriorthents, loamy-skeletal, mixed (calcareous), mesic                          |
| Desatoya-----    | Durixerollic Haplargids, clayey over loamy-skeletal, montmorillonitic, mesic            |
| Dorper-----      | Duric Natrargids, fine, montmorillonitic, mesic   |
| Douhide-----     | Lithic Argixerolls, clayey-skeletal, montmorillonitic, frigid                           |
| Downeyville----- | Lithic Haplargids, loamy-skeletal, mixed, mesic   |
| Ducc-----        | Lithic Argixerolls, loamy-skeletal, mixed, mesic  |
| Dun Glen-----    | Typic Camborthids, coarse-loamy, mixed, mesic   |
| Findout-----     | Lithic Calciorthids, loamy-skeletal, carbonatic, mesic                                  |
| Fubble-----      | Lithic Xerollic Haplargids, loamy, mixed, mesic   |
| Gabbvally-----   | Lithic Xerollic Haplargids, loamy-skeletal, mixed, mesic                                |
| Gangee-----      | Haplic Natrargids, fine-loamy, mixed, mesic   |
| Ganaflan-----    | Typic Torriorthents, coarse-loamy, mixed (calcareous), mesic                            |
| Gardella-----    | Entic Durorthids, sandy, mixed, mesic, shallow  |
| Genegraf-----    | Duric Natrargids, fine-loamy, mixed, mesic  |
| Goldyke-----     | Typic Torriorthents, loamy, mixed (calcareous), mesic, shallow                          |
| Granshaw-----    | Typic Haplargids, coarse-loamy, mixed, mesic  |
| Grumblen-----    | Lithic Xerollic Haplargids, clayey-skeletal, montmorillonitic, mesic                    |
| Hapgood-----     | Pachic Cryoborolls, loamy-skeletal, mixed   |
| Hawsley-----     | Typic Torripsamments, mixed, mesic  |
| Hessing-----     | Typic Camborthids, coarse-loamy, mixed, mesic   |
| Hooplite-----    | Lithic Xerollic Haplargids, loamy-skeletal, mixed, mesic                                |
| Hooten-----      | Entic Durorthids, loamy-skeletal, mixed, mesic, shallow                                 |
| Hopeka-----      | Lithic Xeric Torriorthents, loamy-skeletal, carbonatic, frigid                          |
| Huxley-----      | Typic Natrargids, clayey-skeletal over sandy or sandy-skeletal, montmorillonitic, mesic |

TABLE 17.--CLASSIFICATION OF THE SOILS--Continued

| Soil name       | Family or higher taxonomic class  |
|-----------------|---|
| Inmo-----       | Typic Torriorthents, sandy-skeletal, mixed, mesic                       |
| Isolde-----     | Typic Torripsamments, mixed, mesic                                      |
| Itca-----       | Lithic Argixerolls, clayey-skeletal, montmorillonitic, frigid           |
| Izo-----        | Typic Torriorthents, sandy-skeletal, mixed, mesic                       |
| Izod-----       | Lithic Xeric Torriorthents, loamy-skeletal, carbonatic, mesic           |
| Jacratz-----    | Xeric Torriorthents, loamy, mixed (calcareous), mesic, shallow          |
| Jerval-----     | Duric Natrargids, fine-loamy, mixed, mesic                              |
| Jobpeak-----    | Lithic Xeric Torriorthents, loamy-skeletal, mixed, nonacid, mesic       |
| Jung-----       | Lithic Xerollic Haplargids, clayey-skeletal, montmorillonitic, mesic    |
| Juva-----       | Typic Torrifluvents, coarse-loamy, mixed (calcareous), mesic            |
| Kolda-----      | Typic Endoaquolls, fine, montmorillonitic (calcareous), mesic           |
| Koyen-----      | Typic Camborthids, coarse-loamy, mixed, mesic                           |
| Kram-----       | Lithic Xeric Torriorthents, loamy-skeletal, carbonatic, mesic           |
| Labkey-----     | Typic Camborthids, sandy-skeletal, mixed, mesic                         |
| Labou-----      | Lithic Natrargids, loamy-skeletal, mixed, mesic                         |
| Layview-----    | Argic Lithic Cryoborolls, loamy-skeletal, mixed                         |
| Loomer-----     | Lithic Argixerolls, clayey-skeletal, montmorillonitic, mesic            |
| Louderback----- | Oxyaquic Torriorthents, sandy, mixed, mesic                             |
| Lovelock-----   | Fluvaquentic Endoaquolls, fine, mixed (calcareous), mesic               |
| Luning-----     | Typic Torriorthents, sandy, mixed, mesic                                |
| Madeline-----   | Lithic Argixerolls, clayey, montmorillonitic, frigid                    |
| Malpais-----    | Typic Camborthids, loamy-skeletal, mixed, mesic                         |
| Mazuma-----     | Typic Torriorthents, coarse-loamy, mixed (calcareous), mesic            |
| Millerlux-----  | Lithic Xerollic Haplargids, clayey, montmorillonitic, frigid            |
| Minneha-----    | Aridic Haploxerolls, loamy-skeletal, mixed, mesic, shallow              |
| Mirkwood-----   | Lithic Haplargids, loamy-skeletal, mixed, mesic                         |
| Nayfan-----     | Aridic Haploxerolls, fine-loamy, mixed, frigid                          |
| Nemico-----     | Typic Nadurargids, clayey, montmorillonitic, mesic, shallow             |
| Nicanor-----    | Typic Torriorthents, loamy, mixed, nonacid, mesic, shallow              |
| Ninemile-----   | Lithic Argixerolls, clayey, montmorillonitic, frigid                    |
| Olac-----       | Lithic Xerollic Haplargids, loamy-skeletal, mixed, mesic                |
| Old Camp-----   | Lithic Xerollic Haplargids, loamy-skeletal, mixed, mesic                |
| Osobb-----      | Typic Durorthids, loamy-skeletal, mixed, mesic, shallow                 |
| Otomo-----      | Typic Durorthids, loamy-skeletal, mixed, mesic, shallow                 |
| Packer-----     | Argic Cryoborolls, loamy-skeletal, mixed                                |
| Parran-----     | Typic Salorthids, fine, montmorillonitic, mesic                         |
| Patna-----      | Typic Haplargids, coarse-loamy, mixed, mesic                            |
| Phing-----      | Xerollic Paleargids, fine, montmorillonitic, mesic                      |
| Pickup-----     | Aridic Argixerolls, clayey-skeletal, montmorillonitic, mesic            |
| Pineval-----    | Durixerollic Haplargids, loamy-skeletal, mixed, mesic                   |
| Pirouette-----  | Typic Nadurargids, loamy-skeletal, mixed, mesic, shallow                |
| Puett-----      | Xeric Torriorthents, loamy, mixed (calcareous), mesic, shallow          |
| Ragtown-----    | Typic Torriorthents, fine, montmorillonitic (calcareous), mesic         |
| Ravenswood----- | Typic Argixerolls, clayey-skeletal, montmorillonitic, frigid            |
| Rawe-----       | Typic Haplargids, clayey over loamy-skeletal, montmorillonitic, mesic   |
| Rebel-----      | Xerollic Camborthids, coarse-loamy, mixed, mesic                        |
| Rednik-----     | Typic Haplargids, loamy-skeletal, mixed, mesic                          |
| Reluctan-----   | Aridic Argixerolls, fine-loamy, mixed, frigid                           |
| Rezave-----     | Lithic Natrargids, clayey, montmorillonitic, mesic                      |
| Ricert-----     | Duric Natrargids, fine-loamy, mixed, mesic                              |
| Roca-----       | Xerollic Haplargids, clayey-skeletal, montmorillonitic, frigid          |
| Roic-----       | Typic Torriorthents, loamy, mixed (calcareous), mesic, shallow          |
| Ruhe-----       | Typic Torripsamments, mixed, mesic, shallow                             |
| Rustigate-----  | Oxyaquic Torriorthents, fine-loamy, mixed (calcareous), mesic           |
| Settlement----- | Aeric Halaquepts, fine, montmorillonitic (calcareous), mesic            |
| Singatse-----   | Lithic Torriorthents, loamy-skeletal, mixed (calcareous), mesic         |
| Slaw-----       | Typic Torrifluvents, fine-silty, mixed (calcareous), mesic              |
| Slocave-----    | Typic Torriorthents, loamy-skeletal, mixed (calcareous), mesic, shallow |
| Soar-----       | Xerollic Haplargids, loamy-skeletal, mixed, mesic, shallow              |
| Sojur-----      | Lithic Torriorthents, loamy-skeletal, mixed (calcareous), mesic         |
| Stewval-----    | Lithic Xerollic Haplargids, loamy-skeletal, mixed, mesic                |

TABLE 17.--CLASSIFICATION OF THE SOILS--Continued

| Soil name      | Family or higher taxonomic class                                    |
|----------------|---|
| Stumble-----   | Typic Torripsamments, mixed, mesic                                  |
| Teguro-----    | Lithic Argixerolls, loamy, mixed, frigid                            |
| Terico-----    | Typic Natrargids, fine-loamy, mixed, mesic                          |
| Theon-----     | Lithic Haplargids, loamy-skeletal, mixed, mesic                     |
| Theriot-----   | Lithic Torriorthents, loamy-skeletal, carbonatic, mesic             |
| Tocan-----     | Duric Haplargids, fine-loamy, mixed, mesic                          |
| Toulon-----    | Typic Camborthids, sandy-skeletal, mixed, mesic                     |
| Trocken-----   | Typic Torriorthents, loamy-skeletal, mixed (calcareous), mesic      |
| Umberland----- | Aeric Halaquepts, fine, montmorillonitic (calcareous), mesic        |
| Unsel-----     | Duric Haplargids, fine-loamy, mixed, mesic                          |
| Uripnes-----   | Typic Torriorthents, loamy-skeletal, mixed, nonacid, mesic, shallow |
| Vium-----      | Lithic Haplargids, loamy-skeletal, mixed, mesic                     |
| Walti-----     | Aridic Argixerolls, fine, montmorillonitic, frigid                  |
| Watoopah-----  | Durixerollic Haplargids, coarse-loamy, mixed, mesic                 |
| Weich-----     | Cumulic Endoaquolls, fine-loamy, mixed, frigid                      |
| Wholan-----    | Typic Camborthids, coarse-silty, mixed, mesic                       |
| Yerington----- | Typic Torriorthents, sandy, mixed, mesic                            |
| Yody-----      | Haploxerollic Durargids, fine-loamy, mixed, mesic                   |
