

# New Jersey Plant Materials Center

Conservation Plant Releases and Suppliers

## Active Conservation Plant Release Information

All active conservation plant releases from the New Jersey Plant Materials Center (NJPMC) are listed in Table 1 alphabetically by scientific name. Also included in the table are the recommended conservation applications for each release and the state(s) from which it originated. Conservation applications of each conservation plant release can be determined using the key at the bottom of the table. For additional information, each release name is linked to the associated Release Brochure.

## Contact Information of Commercial Suppliers

Listed in Table 2 is the contact information of commercial suppliers that have received start up material of NJPMC conservation plant releases. This list is for informational purposes to assist with the locating of commercially available NJPMC conservation plant releases. The USDA Natural Resources Conservation Service (NRCS) does not endorse any supplier nor make any claims as to the availability, reliability, or quality of the suppliers' products.

## Conservation Release and Commercial Supplier Matrix

The NJPMC conservation plant releases that have been received by each commercial supplier can be found in the matrix in Table 3. To obtain prices and determine availability, please contact the commercial supplier directly. The Plant Materials Program is structured in a manner that does not allow the direct supply of our seed or vegetative products to consumers in order to avoid competition with private companies. The NJPMC only supplies start up plant material(s) to private commercial nurseries who then increase production of our plant releases for sell to the consumer.

## Corrections and Updates

This is a working informational document. Commercial suppliers and the conservation plant releases they offer may change. As this occurs, the following tables will be updated to be as accurate as possible. Please forward any corrections or updates to:

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: [program.intake@usda.gov](mailto:program.intake@usda.gov).
