

Iowa FY22 Non Farm Bill Targets Ranking Pool Workload Prioritization Tool

Instructions: This workload prioritization worksheet is intended to be completed prior to completing a full CART assessment for a producer requesting assistance through an application for assistance and is eligible for Non Farm Bill Targets ranking pool. **Do not assess or rank an application if identified as low priority application.** The applications ranked in the following ranking pools are not eligible for Non Farm Bill Targets ranking pool: Soil health, AFO livestock, Non-AFO livestock, On-Farm Energy, High Tunnel, MRBI, NWQI, Source Water Protection, Wildlife habitats, or Prairie Pothole

Applicant Name:

Date:

Application Number:

County:

Farm Number (s)*:

Tract Number (s)*:

* Farm and tract numbers must match the CART assessment

1. Behind Schedule- As of the application cut off date does the applicant have any 2021 or prior year activities in an Active status EQIP, RCPP, and/or CSP that are not completed? Question includes practices that have been re-scheduled. **If YES, stop at this question, the application is low priority.**

Yes No

2. The application is for a participant that has had a terminated contract within the last three years (this includes EQIP, CSP, and RCPP). **If YES, stop at this question, application is low priority.**

Yes No

3. The application is located within a 303d, TMDL, Watershed Protection fund (WSPF), Water Protection Fund (WPF), EPA 319 Project, Watershed Management Authority Watersheds, or Iowa Water Quality Initiative (WQI) Watersheds? Use the 303d layer in CD. **If NO, stop at this question, the application is low priority.**

Yes No

4. When the planning area is adjacent to an impaired stream or water body from question 3 above, the planned practices will benefit the impaired stream or water body. **If NO, stop at this question, the application is low priority.** If the planning area is not adjacent to an impaired stream or water body, question does not apply.

Yes No

If a stop was not identified within the questions, proceed with assessing and ranking application.

Upon Request, a copy of the completed screening worksheet may be provided to the applicant. File the original completed screening worksheet with the applicant case file or EQIP program file.
