

Attachment C – RCPP Reporting Requirements

Annually the lead partner will submit a report in the RCPP Portal with notable highlights and progress on delivering conservation outcomes outlined in the PPA. It will include at a minimum the following:

Project Progress

- Cumulative and annual progress on each NRCS funded deliverable included in the PPA. Provided in either dollars expended or percentage of deliverable completed.
- Cumulative and annual progress on each Partner Contribution included in the PPA. Provided in either dollars spent or percentage of deliverable completed.
- Narrative explaining any why either deliverables or contributions were not delivered on time (if applicable).

Outcomes

- Provide an update on Environmental Outcomes for each natural resource concern included in the PPA.
 - Baseline (before condition)
 - After Condition
 - Quantitative Outcomes/Benefits
 - Method (i.e. modeled estimate, field result, survey result, monitoring, scientific study)
 - Source/Expert for Method
- Optional – Provide an update for any economic or social outcomes using the same fields above.

Success Metrics

- Provide, with assistance from the lead NRCS state office, the number of contracts/supplemental agreements by activity type and the number of supplemental agreements to provide technical assistance.
- Provide the number of producers/landowners reached by partner-led activities in the following categories.

Outreach Activities	
Producers Contacted through Outreach	
Beginning Farmers/Ranchers Enrolled	
Historically Underserved Farmers/Ranchers Enrolled	
Veteran Farmers/Ranchers Enrolled	

- For Critical Conservation Areas only – Describe how this project has made progress in addressing the priority resource concerns of the CCA? This should include a discussion of any measured environmental outcomes and how they related to the CCA priority resource concerns.

Sample Table for Outcomes Reporting

Natural resource concern	Baseline (“before” condition) / qualitative or a visual assessment if quantitative not available	“After” condition or Qualitative/descriptive outcomes	Quantitative outcomes /benefits	Method [choice list: Modeled estimated; field result; survey result; monitoring; scientific study]	Source/expert
Example: Water quality			Pounds of nitrogen Pounds of phosphorous; Pounds of sediment;	Modeled estimate	SWAT
Example: Wildlife habitat			### NE Cottontail population improvement	Scientific estimate	peer-reviewed expert (insert reference)
