

**KANSAS SUPPLEMENT TO  
CONSERVATION ENHANCEMENT ACTIVITY  
E338B**

**CONSERVATION  
STEWARDSHIP  
PROGRAM**

**Short-interval burns to promote a healthy herbaceous plant community**

**Additional Criteria for Kansas**

- Develop a Forest Stewardship Plan (FSP) to inventory existing vegetation to determine management of the resource. Through NRCS, if needed, request a Kansas Forest Service (KFS) district forester to complete a FSP and assist the producer with practice planning.
- Prescribed burning, along with a prescribed burn plan, is required as part of the FSP.

**Additional Documentation Requirements for Kansas**

- Include, as part of the planning documents, a detailed map delineating forest stand improvement activity locations identified utilizing a Global Positioning System (GPS) unit meeting NRCS specifications.
