Invitation to the Tribal Conservation Advisory Council Meeting:

The [USDA-Natural Resources Conservation Service \(NRCS\) in South Dakota](#) routinely invites and welcomes Tribal input on NRCS programs and activities. The next Tribal Conservation Advisory Council (TCAC) Meeting is scheduled to be held virtually on Thursday, May 19, 2022. The meeting will start at 10 a.m. CDT and those participating virtually can either join through Microsoft Teams Meeting video or by audio through a direct phone line.

These meetings are an opportunity to hear your Tribal natural resource needs and your conservation efforts. The NRCS in turn will share information on agency activities, assistance programs, training opportunities, and partnership efforts. You do not need to pre-register or be listed as a committee member to attend; however, if possible, please let us know prior to the meeting if you have a specific topic you would like to discuss so we can be better prepared to assist. Based on the attached tentative agenda, we anticipate the meeting may run approximately one to two hours.

In an effort to provide you the link to access the Microsoft Teams Meeting by video, **we need your assistance in providing us your updated e-mail address**. You can either provide this information to the appropriate Tribal Liaison (listed below) or send it to Kathy Irving, Secretary, at kathy.irving@usda.gov. We will provide you the link to access the Teams Meeting through video by May 17. If you are interested in joining by phone only, please use the following information below:
