

Taking Soil Health to the Next Level- MCA Soil Health Amendment
Mark Henning
ASTC-FO, Miles City Area

Summary- Interest has grown in this TIP even before it has started. Producers in McCone, Prairie and Dawson counties have expressed keen interest in participating. This amendment adds these counties to the TIP boundary. An estimated additional 10-15 producers would sign up. Depending on farm size this could mean an additional 22,500 acres being harvested with a stripper header under the 809 Conservation Harvest Management practice.

Budget

Year	Additional Producers	Projected Cost/Producer over 3 years	Total
FY2024	5	\$129,000	\$645,000
FY2025	5	\$129,000	\$645,000
FY2026	5	\$129,000	\$645,000
Totals for Amendment	15		\$1,935,000
