

Yellowstone Irrigation District Lateral Organic Matter Improvement Targeted Implementation Plan Amendment for FY24

Summary- The local interest in this TIP has proven to remain popular and consistent. In order to continue to address the need in Treasure County, this amendment recommends extending this TIP through fiscal year 2025 and updating the budget accordingly. The project boundary will not change and the practice list will stay the same.

Budget- In taking into account previously funded applications, the following budget is estimated for this TIP amendment.

On Field Practices	Acres
442 (Sprinkler System)	500
340 (Cover Crop)	350
512 (Forage and Biomass Planting)	250
No-Till (329)	150
Reduced-Till (345)	250
Nutrient Management (590)	350

Note: Some acres will overlap

Year	Projected Costs
2021	\$238,000
2022	\$120,000
2023	\$120,000
2024	\$150,000
2025	\$150,000
