

# Find Your Career in Conservation

## Apply for a Federal Job with the Natural Resources Conservation Service

Do you want a career that can make a difference? We're looking for highly motivated and skilled individuals interested in meeting the challenges of the dynamic and innovative field of agriculture.

Working for the federal government allows you to make an impact in the lives and futures of Americans, while earning competitive pay, great benefits, and opportunities for professional development and advancement.

### Create a USAJOBS Account

Go to [www.usajobs.gov](http://www.usajobs.gov) to open an account. With an account, you can:

- Save jobs you're interested in
- Customize job search emails
- Upload or create resumes
- Upload required documents
- Apply to any job on USAJOBS

### Search for Jobs

Once your account is ready, you can search for jobs using keywords or location. You can refine results by salary, work schedule, agency, etc. Find out how to search for jobs: [www.usajobs.gov/help/how-to/search](http://www.usajobs.gov/help/how-to/search)

Save your search to let USAJOBS automatically lookout for positions that match your criteria and email you with available jobs daily, weekly, or monthly.

### Review Job Details

Review the job details to confirm your eligibility and qualifications. Be sure to read the entire job announcement before starting your application. Learn more about understanding the job announcement:

[www.usajobs.gov/help/how-to/jobannouncement](http://www.usajobs.gov/help/how-to/jobannouncement)

### Prepare and Submit Your Application

USAJOBS will guide you through a five-step process to prepare your application, including attaching a resume and required documents.

Learn more about creating an application:

[www.usajobs.gov/help/how-to/application](http://www.usajobs.gov/help/how-to/application)
