Display Group: 2817 EHE ACT Forest to Gulf (Active)

 An asterisk will be displayed to show that it is a conditional section or conditional question.

Survey: Applicability Questions

Section: 2817 EHE Applicability Questions

Question	Answer Choices	Points
Is application within 2817 Forest to Gulf project area?	Intersects 2817 project area.	--
	Otherwise	--

Survey: Category Questions

Section: 2817 EHE Category Questions		
Question	Answer Choices	Points
Who is the eligible Entity holding the deed?	Alachua Conservation Trust, Inc	--
	Florida Department of Agricultural & Consumer Services	--

Survey: Program Questions

Section: 2817 EHE Program Questions		
Question	Answer Choices	Points
Is the application part of a Partner application bundle?	Yes	50
	No	0
Is the applicant any class of Historically Underserved?	Yes	30
	No	0
Contributions: Does the application leverage RCPP funding with partner contributions?	Landowner donation of non-federal share of easement value.	110
	FDACS contribution of non-federal share of easement value.	70
	Lead Partner contribution of non-federal share of easement value.	0
Outcomes: Application directly addresses one or more resource concern for which outcome metrics have been included in the PPA Attachment E?	Application addresses two or more resource concerns from the PPA attachment E.	10
	Application addresses one resource concerns from the PPA attachment E.	5
	Otherwise	0

Survey: Resource Questions

Section: 2817 EHE Resource Questions		
Question	Answer Choices	Points
Demonstrated commitment of landowner to long term stewardship,	Landowner demonstrates long term commitment to stewardship via land management plan, forest or grassland management plan, prior participation in Farm Bill or other cost share programs for forest and/or fire management.	20
	Landowner indicates intentions or demonstrates effort to engage in long term conservation planning, and complies with FDACS BMP's as applicable.	10
	Otherwise	0
Proximity to protected lands such as conservation easements, protected lands, state or federal parks or forests?	Within 0.5 mile of existing conservation lands.	15
	Otherwise	0

Section: 2817 EHE Resource Questions

Question	Answer Choices	Points
Size of offer	>200 acres	15
	50 - 200 acres	7
	<50 acres	0
All or part of offer (>25%) in the Florida Wildlife Corridor.	Yes, Priority 1 or 2	15
	Yes, Priority 3	7
	Otherwise	0
Easement offer configuration.	Offer is contiguous block of land	15
	Offer is divided by non-eligible acres, right of way, or other lands not in control of landowner	10
	The offer consists of 2 non-contiguous parcels, such that the configuration hinders management, or easement monitoring	5
	The offer consists of more than 2 discontinuous parcels	-25
Upland land uses	The majority of the parcel (> 50%) uplands support natural pine woodlands or other pine dominated upland natural communities, containing native species characteristic of natural communities, and minimal invasion of non-native species	30
	The majority (>50%) of the parcel uplands support pine forests: combined planted and natural pine forests and woodlands	10
	Majority of parcel uplands consists of cleared pasture or some other type of non-irrigated, non-native vegetation.	0
	ADDITIVE TO ABOVE: >25% of parcel in irrigated agriculture	-20
Evidence of fire management	Evidence that landowner has most of uplands under fire management (at least one prescribed burn of over 10 acres within past 5 years)	25
	Evidence of limited fire management: prescribed burns and/or burns > 5 years ago.	15
	None of above, but evidence of future plans to implement fire management (stewardship or forest management plan)	10
	Otherwise	0
Amount of terrestrial habitat	The majority of the parcel is uplands (determined by existing land cover, soils, field observation), including cultivated ag lands occupying upland landforms	20
	The majority (>50%) contains non-uplands (wetlands), as determined by soils, NWI data, field observation	0

Section: 2817 EHE Resource Questions

Question	Answer Choices	Points
Aquifer recharge area	>40% of parcel occupies lands important for aquifer recharge.	10
	Between 10 and 39% of parcel occupies important aquifer recharge lands	5
	Otherwise	0
Biodiversity and habitat	Greater than >50 of offer in Priority 1-2 of the CLIP Biodiversity aggregate priority model	20
	Between 10-50% of offer Priority 1-2	10
	Otherwise	0
Benefit to protection of imperiled species	Offer contributes to the direct protection or recovery of at least one Federally listed species (including officially proposed and candidate species)	7
	In addition to, offer contributes to the direct protection or recovery of at least one State listed species	5
	In addition to above, offer provides suitable habitat for additional Federal or State listed, or candidate species	3
