Section: Indiana EQIP 2025 Confined Livestock Applicability Question		
Question	Answer Choices	Points
Will any practice in the application be used to address resource concerns related to managing livestock manure or livestock mortality? This includes any of the following items: 1)Improving existing or adding manure storage/mortality management structures; 2)Implementing a practice to address a resource concern related to land application of manure (whether the producer generates or receives the manure); 3)The application will implement any conservation practice identified in an existing CNMP.
