

Corn Creek Watershed and Flood Prevention Operations Project Millard County, Utah

Draft Plan-EA Notice of Availability

Project Information

The United States Department of Agriculture Natural Resources Conservation Service (NRCS), the Town of Kanosh, Corn Creek Irrigation Company (CCIC), and the Kanosh Band of Paiute Indians announce the availability of the Draft Watershed Plan and Environmental Assessment (Plan-EA) for the Corn Creek Watershed and Flood Prevention Operations Project (Project). The project proposes the following improvements to flood prevention & agricultural water management in the Corn Creek watershed:

Corn Creek Dam & Debris Basin

The current debris basin would be removed and a new dam & debris basin constructed downstream that would have an updated alignment slightly farther downstream and a taller embankment.

Primary, Secondary, Emergency & Auxiliary Spillways

Construction of four new spillways would replace the existing structures, which do not meet current standards.

Pipe Network/Secondary System

A gravity pipe system to reduce seepage and evaporation losses would be constructed for the CCIC & Kanosh Band.

Berm & Channel Modification

Installation of channel improvements & other flood control infrastructure to prevent flood damages in Kanosh.

Pond Relocation & Kanosh Band Secondary System

As part of construction, the Town Secondary Pond would need to be replaced. As a cost saving measure, the Town and Tribe ponds will be combined.

An evaluation of potential project alternatives and associated environmental impacts has been documented in the form of a Draft Plan-EA. NRCS as the lead Federal agency and the Town of Kanosh (project sponsor) will hold a public meeting to provide information about the proposed project and to request comments on the Draft Plan-EA.

NRCS invites you to submit comments anytime during the open public comment period beginning April 22, 2025, and ending on May 22, 2025. Comments received after this date will be considered on a case by case basis.

An electronic copy of the Draft Plan-EA can be downloaded from the NRCS project webpage:

<https://www.nrcs.usda.gov/conservation-basics/natural-resource-concerns/watersheds/corn-creek-watershed-sponsor-kanosh-town>

USDA is an equal opportunity provider, employer, and lender.

A hard copy of the Draft Plan-EA is also available for review at the Kanosh Town Hall (55 North Main Street, Kanosh, UT 84637.)

Draft Plan-EA Meeting

You are invited to attend, discuss, and submit a comment during the Draft Plan-EA meeting:

Tuesday, April 22, 2025

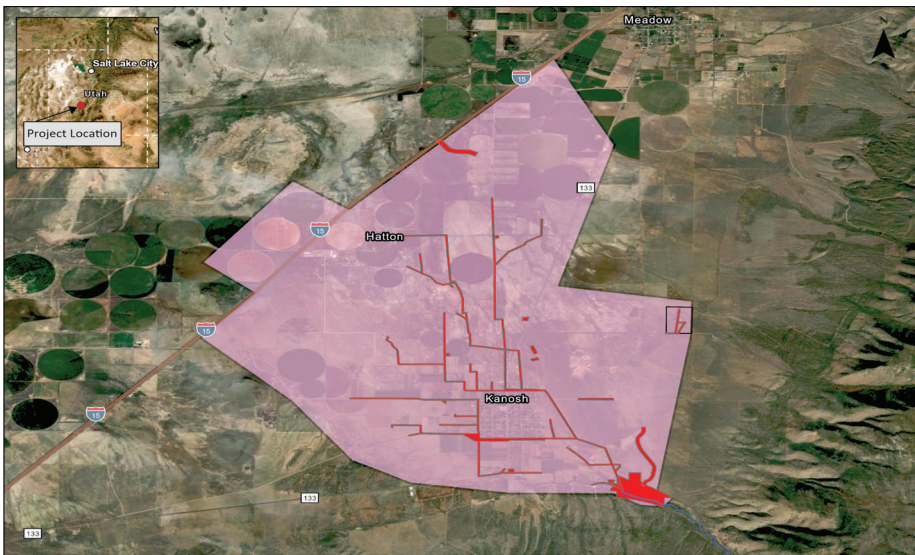

6:00 PM to 7:30 PM

Location: Kanosh Town Hall

55 N Main Street, Kanosh, UT 84637

Attendance at the meeting may be in-person or virtual. If you would like to attend the meeting virtually, an invitation may be requested by sending an email to: echambers@fransoncivil.com
