Survey: Applicability Questions

Section: Applicability		
Question	Answer Choices	Points
KANSAS (Majority of the PLU is located in the State of Kansas) (GIS)	Yes	--
	No	--

Survey: Category Questions

Section: Category		
Question	Answer Choices	Points
Select Category (GIS)	Flint Hills	--
	Gypsum Hills	--
	Smoky Hills	--
	Central Plains	--
	Rest of Kansas	--

Survey: Program Questions

Section: Program		
Question	Answer Choices	Points
Does the client have a certified conservation plan for this application prior to April 18th, 2025?	YES	5
	NO	0
Has the client in the past 5 years, had a terminated Farm Bill Contract?	YES	-100
	NO	5

Section: Program

Question	Answer Choices	Points
Does the client have an active NRCS-CPA-153 on file as of April 18th, 2025?	YES	-50
	NO	5
Is the applicant a covered producer participating in the CRP-TIP and NRCS is evaluating the assessment during the two-year period covered by the CRP-1R?	YES	5
	NO	0
Does the applicant meet the NRCS definition of a veteran farmer or rancher? (Veteran who served in the active military, naval, or air service; was released from the service under conditions other than dishonorable; AND meets the definition of Beginning Farmer/Rancher OR who first obtained status as a veteran during the most recent 10 year period.)	YES	20
	NO	0
Does the application provide financial assistance for implementing Conservation Planning Activity (CPA), Design and Implementation Activity, (DIA), and/or Conservation Evaluation and Monitoring Activity (CEMA)?	YES	20
	NO	0
GPGI Core Hexagon Designation (GIS)	1,2,3	100
	4	50
	Not in a GPGI Core	0
Are any of the PLUs within the assessment/application adjacent to an existing NRCS-CPA-1202 Contract utilizing 595 for pests in grasslands? (Adjacent is being within 200 yards of a PLU boundary.)	YES	40
	NO	0

Survey: Resource Questions

Section: Resources

Question	Answer Choices	Points
From benchmark pest inventories, are pests present on a majority (>50%) of the application/assessment area? Presence is indicated by acres of low, medium, or high for herbaceous pests and recruitment, encroachment, and state transition for woody pests.	YES	-75
	NO	0
From the benchmark woody encroachment phase/stage inventory, what phase/stage reflects the majority of the acreage in the application/assessment?	Intact	100
	Dispersal	75
	Recruitment	25
	Encroachment	0
	State Transition	-100
Considering the Planned Land Unit (PLU) with the greatest percentage of State Transition in the application/assessment, what percentage of State Transition is present in that PLU?	Greater than 20%	-200
	greater than 10% but less than 20%	-100
	None of the Above	0
From the benchmark herbaceous pest inventory, what infestation level reflects the majority of the acreage in the application/assessment?	NONE	50
	LOW	25
	Medium	0
	HIGH	-50

Section: Resources

Question	Answer Choices	Points
Will the Conservation Plan or Schedule of Operations (NRCS-CPA-1155) meet optimum treatment level of woody plant pests in the livestock accessible area? If a land use other than Range is included within the livestock accessible area and contains pests, answer NO.	YES	0
	NO	-50
Does the Conservation Plan or Schedule of Operations (NRCS-CPA-1155) address all pest species (both herbaceous and woody) present in the application/assessment acreage?	YES	40
	NO	0
Is a growing season prescribed burn a financially assisted practice that is scheduled in the Conservation Plan or Schedule of Operations (NRCS-CPA-1155)?	YES	10
	NO	0
