

Louisiana NRCS State Technical Committee Spring Meeting

Agenda

APRIL 15, 2025

9:30 AM **Welcome and Opening Remarks**.....Kelli McClelland
Acting NRCS State Conservationist

9:40 AM **Prioritization Process and Financial Assistance Program Update**.....
Chelsea Clark
NRCS EQIP Program Manager

Louisiana's EQIP allocation is based on local and state resource concerns identified and prioritized through the locally led process.

9:50 AM **Locally Led-Priority Resource Concerns**..... Troy Mallach
Acting NRCS State Resource Conservationist

Resource concerns that are identified through this process are documented and the SWCD prioritization will be presented to the State Technical Committee (STC) for state prioritization. A representative for each group of the STC will be given the opportunity to vote on the priority resources concerns.

-----**Break**-----

10:35 AM **Easement Program Update**..... Tim Landreneau
NRCS Assistant State Conservationist for Easement Programs

10:50 AM **NRCS Toolkit: Resources for State Technical Committees**.....
Mitch Mouton
NRCS State Soil Scientist

11:00 AM **Water Quality Subcommittee Report**.....Subcommittee Member

11:10 AM **Partner Updates of New Activities**..... All Partners

Each STC member representative will be given the opportunity to provide updates on recent activities or upcoming events.

11:55 AM **Wrap-up Discussion and Closing Comments**..... Troy Mallach
