The employee assistance program is offered as a free benefit and services are confidential within the limits of the law. EAP services include assessments, counseling, and referrals for additional services to employees with personal or work-related concerns, such as stress, financial issues, legal issues, family problems, office conflicts, and alcohol and substance use disorders. EAP also often works with management and supervisors providing advanced planning for situations, such as organizational changes, legal considerations, emergency planning, and response to unique traumatic events.

You may contact the EAP to obtain free professional counseling, legal, financial support, and more to help manage work and life responsibilities. A wealth of helpful information and resources are located on the EAP website at <https://care.espyr.com/>. **You may reach the EAP 24/7, 365 days a year for assistance by calling 1-866-869-0276.**
