

Tri-Valley Watershed Supplemental Plan & Environmental Assessment

Wasatch County, Utah

Draft Plan-EA Notice of Availability

Project Information

The United States Department of Agriculture, Natural Resources Conservation Service (NRCS) announce the availability of the Draft Supplemental Watershed Plan No. 1 and Environmental Assessment (Plan-EA). The Plan-EA preferred alternative proposes improvements to the Daniel Irrigation System in Daniel, Wasatch County, Utah. The Project would improve system pressure and water delivery efficiencies benefiting crop production on 990 acres of land.

An evaluation of potential project alternatives and associated environmental impacts have been documented in the form of a Draft Plan-EA. NRCS (lead federal agency) and the local sponsoring organizations (Wasatch County and Utah Department of Agriculture and Food), will hold a public open house to provide information about the proposed Project and Draft Plan-EA analysis, and to collect comments on the Draft Plan-EA.

NRCS invites you to submit comments anytime during the open comment period starting **August 25, 2025 and ending on September 24, 2025.**

An electronic copy of the Draft Plan-EA and other Project documents can be downloaded from the NRCS Project webpage accessed from the web address or QR code below.
