

Staffing Directory

Oregon's Natural Resources Conservation Service

Updated September 2025

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

The Natural Resources Conservation Service (NRCS) in Oregon offers technical and financial assistance to Oregon farmers, ranchers and forestland owners to conserve their natural resources. NRCS Oregon harnesses a Strategic Approach to Conservation business model that is locally-led, partner-driven and collaborative to make the greatest impact across the landscape.

NRCS has staff coverage across every county in Oregon. The Oregon State Office is located in Portland, depicted with a star on the above map. The dots depicted on the map are Oregon's field office locations.

NRCS Oregon is split into four basin areas: North Coast and Lower Willamette Basins, Central Coast/Upper Willamette Basin and Southwest Basins, Deschutes and High Desert Basins, and the John Day Umatilla and Snake River Basins.

Find out if your farm, ranch, or forestland is located within one of [our active project areas](#). You may be eligible for financial assistance to help you perform voluntary conservation activities on your land.

Find out what available projects are in your county on the [What's Available In My County? webpage](#).

Contact ORInfo@usda.gov for general questions or assistance.

Employee Assistance Program

The employee assistance program is offered as a free benefit and services are confidential within the limits of the law. EAP services include assessments, counseling, and referrals for additional services to employees with personal or work-related concerns, such as stress, financial issues, legal issues, family problems, office conflicts, and alcohol and substance use disorders. EAP also often works with management and supervisors providing advanced planning for situations, such as organizational changes, legal considerations, emergency planning, and response to unique traumatic events.

You may contact the EAP to obtain free professional counseling, legal, financial support, and more to help manage work and life responsibilities. A wealth of helpful information and resources are located on the EAP website at <https://care.espyr.com/>. **You may reach the EAP 24/7, 365 days a year for assistance by calling 1-866-869-0276.**
