

May 2025 Nevada STAC Meeting Follow Up Items

Recommendations/Action Items

- Expansion of Act Now priority list
- Develop a checklist/fact sheet for the GSS discussion/decision
- Send updated habitat maps to STAC to get recommendations
- Add big game corridors to GSS definition, spring ecosystem dependent species (future discussion topic?)
- Update guidance for LWGs (NRCS task)
- Adding ranking question for working with local CD aimed at increasing relevancy for CDs- look back at policy changes and updates, revisit topic?
- Subgroup from STAC to work on state fund pools, cost lists?
- Development of survey for LWGs/CDs that can be sent to members to get feedback on priorities
- Feedback by July 1- what was the topic?
- Post link to FOTG on website
- Add better copies of maps from GSS presentation to STAC website

Actions

- Develop a checklist of the GSS discussion/decision- to be used in FY26?
- Add big game corridors and spring ecosystem dependent species as future agenda item for GSS
- Update guidance for LWGs (NRCS)
- Add ranking question for working with local CD aimed at increasing relevancy of CDs in the process. NRCS will look at policy changes and updates related to this issue. Revisit topic at future STAC meeting?
- Form a STAC subgroup to work on state fund pools and cost lists. When do we need to solicit members, when would the recommendations be due?
- Develop survey for LWGs/CDs that can be sent to members to get feedback on priorities. Possible connection to the Ranking Pool checklist being developed by Programs?
- Post link to FOTG on STAC website
-

Recommendations from STAC

- Expansion of Act Now priority list- was this something that we wanted input on now or for a future meeting? If now, is there a date to submit recommendations?

- Get recommendations on updated habitat maps
- Feedback by July 1- notes didn't indicate the topic.
