

**Alabama FY17 EQIP Feral Swine Management
Screening Criteria Worksheet: NRCS Environmental Quality
Incentives Program (EQIP)**

Fiscal Year 2017

A Screening Worksheet must be completed for each eligible EOIP application.

Instructions:

This screening worksheet must be completed for each eligible producer applying for EQIP sign-ups that do not have their own unique screening tool. Applications will be accepted on a continuous basis; however, application periods are established for purposes of evaluation, ranking, and funding decisions. The goal of this screening tool is to ensure that conservation technical assistance and the EQIP program benefits are managed efficiently to address priority conservation needs related to this initiative.

Completion of this worksheet and documentation does not constitute agreement to provide EQIP program benefits nor approval of a program contract. The original screening worksheet should be filed with the applicant case file or EQIP program file and unless the application is determined to be ineligible, the screening priority (high or medium) must be recorded in ProTracts. Upon request, a copy of any completed screening worksheet may be provided to the applicant.
