

Ranking Tool Summary

for FY2017 - FY17 Organic Certified

(Released 12/08/2016)

Description:

Through the Environmental Quality Incentives Program (EQIP) National Organic Initiative, NRCS will assist eligible producers with installation of conservation practices on agricultural operations related to organic production. NRCS has determined that this definition includes certified organic producers. Certified organic producers must provide NRCS with a copy of their USDA NOP organic certificate or proof of good standing from a USDA-accredited certifying agent; certification must be maintained for the life of the contract.
