

NRCS Environmental Quality Incentives Program (EQIP)

Minnesota Screening Criteria Worksheet - FY 2017

A screening worksheet must be completed for each eligible EQIP application.

Instructions:

This screening worksheet must be completed for each producer applying for EQIP. Applications will be accepted on a continuous basis; however, application periods are established for purposes of evaluation, ranking, and funding decisions.

Completion of this worksheet does not constitute agreement to provide EQIP program benefits or approval of a program contract. The screening worksheet should be uploaded into the EQIP program file in the Document Management System (DMS) and unless the application is determined to be ineligible, the screening priority (high, medium and low) must be recorded in ProTracts application priority. Upon request, a copy of any completed screening worksheet may be provided to the applicant.
