<b>Farm Location:</b>		

**National Priorities Addressed**

<b>Issue Questions</b>	<b>Responses</b>
1. Programmatically, there are ten resource concerns that can be addressed through the implementation of conservation activities. The resource concerns are soil erosion, soil quality degradation, excess water, insufficient water, water quality degradation, air quality impacts, degraded plant condition, inadequate habitat for fish and wildlife, livestock production limitation, and inefficient energy use. Use this information to answer question 1. Using the CAET Summary Report completed for this application, identify the one land use (Crop, Pasture, Range, or Forest) with the smallest number of resource concerns planned to be met or exceeded by the implementation of a new conservation activity. Choose the response that is the best match. Note: Associated Ag Land and Farmstead land uses are excluded from consideration.	
1. a. All applicable resource concerns have a new conservation activity planned.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Seven to nine resource concerns have a new conservation activity planned. If range is the land use with the smallest number of resource concerns planned, seven resource concerns have a new conservation activity planned.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Four to six resource concerns have a new conservation activity planned.	Yes <input type="radio"/> or No <input type="radio"/>
4. d. One to three resource concerns have a new conservation activity planned.	Yes <input type="radio"/> or No <input type="radio"/>
2. Does the application have CRP lands transitioning to CSP? Choose the response that is the best match.	
1. a. All transitioning CRP acres will maintain a permanent cover for the term of the CSP contract.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. 50-99% of the transitioning CRP acres will maintain a permanent cover for the term of the CSP contract.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. 25-49% of the transitioning acres will maintain a permanent cover for the term of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
3. Using the CAET Summary Report completed for this application, identify the one land use (Crop, Pasture, Range, or Forest) with the smallest number of resource concerns met at the time of application. Choose the response that is the best match. Note: Associated Ag Land and Farmstead land uses are excluded from consideration.	
1. a. All applicable resource concerns are met at time of application.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. More than 50% of the resource concerns are met at the time of application.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. More than two resource concerns are met at the time of application.	Yes <input type="radio"/> or No <input type="radio"/>
4. When are conservation activities planned in the contract offer on all land uses? Choose the response that is the best match.	
1. a. All planned conservation activities will be adopted within the first 12 months.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. All planned conservation activities will be adopted within the first 24 months.	Yes <input type="radio"/> or No <input type="radio"/>
5. c. All planned conservation activities will be adopted within the first 36 months.	Yes <input type="radio"/> or No <input type="radio"/>
5. Using the CAET Summary Report, identify the one land use (Crop, Pasture, Range, or Forest) with the fewest number of conservation activities planned. Choose the response that is the best match. Note: Associated Ag Land and Farmstead land uses are excluded from consideration.	
1. a. Planned conservation activities cover 75% or greater of the land use acres.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Planned conservation activities cover 50-74% of the land use acres.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Planned conservation activities cover 25-49% of the land use acres.	Yes <input type="radio"/> or No <input type="radio"/>

6. Does the application include enhancement bundles? Choose the response that is the best match. Note: Associated Ag Land and Farmstead land uses are excluded from consideration.	
1. a. Considering every land use in the application, at least one bundle is planned on each land use.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Considering applications with more than one land use, at least one bundle is planned on one or more of the land uses, but not all.	Yes <input type="radio"/> or No <input type="radio"/>
7. Will the producer improve wildlife habitat for T&E species or species of concern by adopting one of the following conservation activity options?	
1. a. Producer will adopt at least one wildlife bundle.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Producer will adopt at least two individual wildlife conservation activities.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Producer will adopt one wildlife conservation activity.	Yes <input type="radio"/> or No <input type="radio"/>
8. Will the producer improve the resource concern Soil Quality Degradation to address soil health by adopting one of the following conservation activity options?	
1. a. Producer will adopt at least one soil health bundle.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Producer will adopt at least two individual soil quality degradation conservation activities.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Producer will adopt one soil quality degradation conservation activity.	Yes <input type="radio"/> or No <input type="radio"/>

**State Issues Addressed**

Issue Questions	Responses
1. Using the CAET Summary Report completed for this application, identify the one land use (Crop, Pasture, Range, or Forest) with the smallest number of targeted resource concerns met at the time of application. Choose the response that is the best match. Note: Associated Ag Land and Farmstead land uses are excluded from consideration.	
1. a. All five targeted resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Four targeted resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Three targeted resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Two targeted resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
5. e. One targeted resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
6. f. No targeted resource concern is met.	Yes <input type="radio"/> or No <input type="radio"/>
2. Using the CAET Summary Report completed for this application, identify the one land use (Crop, Pasture, Range, or Forest) with the smallest number of targeted resource concerns met by the end of the contract period. Choose the response that is the best match. Note: Associated Ag Land and Farmstead land uses are excluded from consideration.	
1. a. All five targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Four targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Three targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Two targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
5. e. One targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
6. f. No targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
3. Using the CAET Summary Report, identify the one land use (Crop, Pasture, Range, or Forest) with the smallest number of non-targeted resource concerns met by the end of the contract period. Choose the response that is the best match.	
1. a. All five non-targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Four non-targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Three non-targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Two non-targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
5. e. One non-targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
6. f. No non-targeted resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
4. If the majority of the land (51% or greater) in the contract offer is within a State designated priority sub-geographic area of the designated fund pool (see delineated areas supplied by the State), answer question 4.	

Otherwise skip to the next question. Using the CAET Summary Report, how many out of all ten resource concerns will be met by the end of the contract in the priority area (add up the total number of unique resource concerns met across all land uses in the application; only count a resource concern one time even if the same resource concern is met across multiple land uses in the application)?	
1. a. 10 resource concerns are met. If applicant's only land use is range, 8 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. 8-9 resource concerns will be met. If applicant's only land use is range, do not select this response.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. 6-7 resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
4. d. 4-5 resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
5. e. 2-3 resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
6. f. 0-1 resource concerns will be met.	Yes <input type="radio"/> or No <input type="radio"/>
7. g. The majority of the land is NOT in a state designated priority sub-geographic area.	Yes <input type="radio"/> or No <input type="radio"/>
5. If the majority of the land (51% or greater) in the contract offer is within an airshed targeted for air quality improvement efforts (see delineated areas supplied by the State), answer question 5. Otherwise skip to the next question. Using the CAET Summary Report, how many of the 9 remaining resource concerns will be met by the end of the contract in addition to air quality (add up the total number of unique resource concerns met across all land uses in the application; only count a resource concern one time even if the same resource concern is met across multiple land uses in the application)?	
1. a. 9 resource concerns are met. If applicant's only land use is range, 7 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. 7-8 resource concerns are met. If applicant's only land use is range, do not select this response.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. 5-6 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
4. d. 3-4 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
5. e. 1-2 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
6. f. The majority of the land is NOT in a state designated priority airshed for air quality improvement.	Yes <input type="radio"/> or No <input type="radio"/>
6. If the majority of the land (51% or greater) in the contract offer is within a watershed targeted for water quality improvement efforts (see delineated areas supplied by the State), answer question 6. Otherwise skip. Using the CAET Summary Report, how many of the 9 remaining resource concerns will be met by the end of the contract in addition to water quality (add up the total number of unique resource concerns met across all land uses in the application; only count a resource concern one time even if the same resource concern is met across multiple land uses in the application)?	
1. a. 9 resource concerns are met. If applicant's only land use is range, 7 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
2. b. 7-8 resource concerns are met. If applicant's only land use is range, do not select this response.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. 5-6 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
4. d. 3-4 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
5. e. 1-2 resource concerns are met.	Yes <input type="radio"/> or No <input type="radio"/>
6. f. The majority of the land is NOT in a state designated priority watershed for water quality improvement.	Yes <input type="radio"/> or No <input type="radio"/>

**Local Issues Addressed**

Issue Questions	Responses
Targeted Resource Concern: SOIL EROSION - Sheet and Rill	
1. a. Applicant meets stewardship thresholds for the resource concern, SOIL EROSION - Sheet and Rill. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
1. b. Applicant does not meet stewardship thresholds for the resource concern, SOIL EROSION - Sheet and Rill. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
1. c. Applicant does not meet stewardship thresholds for the resource concern, SOIL EROSION - Sheet and Rill. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
Targeted Resource Concern: SOIL EROSION - Wind	
2. a. Applicant meets stewardship thresholds for the resource concern, SOIL EROSION - Wind. Planned	Yes <input type="radio"/> or No <input type="radio"/>

conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	
2. b. Applicant does not meet stewardship thresholds for the resource concern, SOIL EROSION - Wind. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
2. c. Applicant does not meet stewardship thresholds for the resource concern, SOIL EROSION - Wind. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: SOIL EROSION - Excessive Bank Erosion from Streams Shorelines or Water Conveyance Channels</b>	
3. a. Applicant meets stewardship thresholds for the resource concern, SOIL EROSION - Excessive Bank Erosion from Streams Shorelines or Water Conveyance Channels. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
3. b. Applicant does not meet stewardship thresholds for the resource concern, SOIL EROSION - Excessive Bank Erosion from Streams Shorelines or Water Conveyance Channels. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Applicant does not meet stewardship thresholds for the resource concern, SOIL EROSION - Excessive Bank Erosion from Streams Shorelines or Water Conveyance Channels. . Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: SOIL QUALITY DEGRADATION - Compaction</b>	
4. a. Applicant meets stewardship thresholds for the resource concern, SOIL QUALITY DEGRADATION - Compaction. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
4. b. Applicant does not meet stewardship thresholds for the resource concern, SOIL QUALITY DEGRADATION - Compaction. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
4. c. Applicant does not meet stewardship thresholds for the resource concern, SOIL QUALITY DEGRADATION - Compaction. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
5. c. Applicant does not meet stewardship thresholds for the resource concern, SOIL QUALITY DEGRADATION - Organic Matter Depletion. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: SOIL QUALITY DEGRADATION - Organic Matter Depletion</b>	
5. a. Applicant meets stewardship thresholds for the resource concern, SOIL QUALITY DEGRADATION - Organic Matter Depletion. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
5. b. Applicant does not meet stewardship thresholds for the resource concern, SOIL QUALITY DEGRADATION - Organic Matter Depletion. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: WATER QUALITY DEGRADATION - Excess Nutrients in Surface Water</b>	
6. a. Applicant meets stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Excess Nutrients in Surface Water. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
6. b. Applicant does not meet stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Excess Nutrients in Surface Water. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
6. c. Applicant does not meet stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Excess Nutrients in Surface Water. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: WATER QUALITY DEGRADATION - Pesticides Transported in Surface Water</b>	
7. a. Applicant meets stewardship thresholds for the resource concern, WATER QUALITY	Yes <input type="radio"/> or No <input type="radio"/>

DEGRADATION - Pesticides Transported in Surface Water. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	
7. b. Applicant does not meet stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Pesticides Transported in Surface Water. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
7. c. Applicant does not meet stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Pesticides Transported in Surface Water. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: WATER QUALITY DEGRADATION - Excessive Sediment in Surface Water</b>	
8. a. Applicant meets stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Excessive Sediment in Surface Water. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
8. b. Applicant does not meet stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Excessive Sediment in Surface Water. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
8. c. Applicant does not meet stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Excessive Sediment in Surface Water. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: WATER QUALITY DEGRADATION - Elevated Water Temperature</b>	
9. a. Applicant meets stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Elevated Water Temperature. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
9. b. Applicant does not meet stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Elevated Water Temperature. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
9. Cc. Applicant does not meet stewardship thresholds for the resource concern, WATER QUALITY DEGRADATION - Elevated Water Temperature. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: DEGRADED PLANT CONDITION - Undesirable Plant Productivity and Health</b>	
10. a. Applicant meets stewardship thresholds for the resource concern, DEGRADED PLANT CONDITION - Undesirable Plant Productivity and Health. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
10. b. Applicant does not meet stewardship thresholds for the resource concern, DEGRADED PLANT CONDITION - Undesirable Plant Productivity and Health. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
10. c. Applicant does not meet stewardship thresholds for the resource concern, DEGRADED PLANT CONDITION - Undesirable Plant Productivity and Health. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: DEGRADED PLANT CONDITION - Inadequate Structure and Composition</b>	
11. a. Applicant meets stewardship thresholds for the resource concern, DEGRADED PLANT CONDITION - Inadequate Structure and Composition. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
11. b. Applicant does not meet stewardship thresholds for the resource concern, DEGRADED PLANT CONDITION - Inadequate Structure and Composition. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
11. c. Applicant does not meet stewardship thresholds for the resource concern, DEGRADED PLANT CONDITION - Inadequate Structure and Composition. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Targeted Resource Concern: INADEQUATE HABITAT FOR FISH AND WILDLIFE - Habitat Degradation</b>	
12. a. Applicant meets stewardship thresholds for the resource concern, INADEQUATE HABITAT FOR FISH AND WILDLIFE - Habitat Degradation. Planned conservation activities in the schedule of	Yes <input type="radio"/> or No <input type="radio"/>

operations will 'exceed' planning criteria for the resource concern by the end of the contract.	
12. b. Applicant does not meet stewardship thresholds for the resource concern, INADEQUATE HABITAT FOR FISH AND WILDLIFE - Habitat Degradation. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
12. c. Applicant does not meet stewardship thresholds for the resource concern, INADEQUATE HABITAT FOR FISH AND WILDLIFE - Habitat Degradation. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Non-Targeted Resource Concern: EXCESS WATER- Ponding and Flooding</b>	
13. a. Applicant meets stewardship thresholds for the resource concern, EXCESS WATER- Ponding and Flooding. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
13. b. Applicant does not meet stewardship thresholds for the resource concern, EXCESS WATER- Ponding and Flooding. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
13. c. Applicant does not meet stewardship thresholds for the resource concern, EXCESS WATER- Ponding and Flooding. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Non-Targeted Resource Concern: INSUFFICIENT WATER - Inefficient Moisture Management</b>	
14. a. Applicant meets stewardship thresholds for the resource concern, INSUFFICIENT WATER - Inefficient Moisture Management. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
14. b. Applicant does not meet stewardship thresholds for the resource concern, INSUFFICIENT WATER - Inefficient Moisture Management. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
14. c. Applicant does not meet stewardship thresholds for the resource concern, INSUFFICIENT WATER - Inefficient Moisture Management. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Non-Targeted Resource Concern: INSUFFICIENT WATER - Inefficient Use of Irrigation Water</b>	
15. a. Applicant meets stewardship thresholds for the resource concern, INSUFFICIENT WATER - Inefficient Use of Irrigation Water. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
15. b. Applicant does not meet stewardship thresholds for the resource concern, INSUFFICIENT WATER - Inefficient Use of Irrigation Water. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
15. c. Applicant does not meet stewardship thresholds for the resource concern, INSUFFICIENT WATER - Inefficient Use of Irrigation Water. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Non-Targeted Resource Concern: AIR QUALITY IMPACTS - Emissions of Particulate Matter (PM) and PM Precursors</b>	
16. a. Applicant meets stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emissions of Particulate Matter (PM) and PM Precursors. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
16. b. Applicant does not meet stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emissions of Particulate Matter (PM) and PM Precursors. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
16. c. Applicant does not meet stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emissions of Particulate Matter (PM) and PM Precursors. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Non-Targeted Resource Concern: AIR QUALITY IMPACTS - Emissions of Greenhouse Gases (GHGs)</b>	
17. a. Applicant meets stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emission of Greenhouse Gases (GHGs). Planned conservation activities in the schedule of operations	Yes <input type="radio"/> or No <input type="radio"/>

will 'exceed' planning criteria for the resource concern by the end of the contract.	
17. b. Applicant does not meet stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emission of Greenhouse Gases (GHGs). Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
17. c. Applicant does not meet stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emission of Greenhouse Gases (GHGs). Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Non-Targeted Resource Concern: AIR QUALITY IMPACTS - Emissions of Ozone Precursors</b>	
18. a. Applicant meets stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emissions of Ozone Precursors. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
18. b. Applicant does not meet stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emissions of Ozone Precursors. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
18. c. Applicant does not meet stewardship thresholds for the resource concern, AIR QUALITY IMPACTS - Emissions of Ozone Precursors. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Non-Targeted Resource Concern: LIVESTOCK PRODUCTION LIMITATION - Inadequate Livestock Water</b>	
19. a. Applicant meets stewardship thresholds for the resource concern, LIVESTOCK PRODUCTION LIMITATION - Inadequate Livestock Water. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
19. b. Applicant does not meet stewardship thresholds for the resource concern, LIVESTOCK PRODUCTION LIMITATION - Inadequate Livestock Water. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
19. c. Applicant does not meet stewardship thresholds for the resource concern, LIVESTOCK PRODUCTION LIMITATION - Inadequate Livestock Water. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Non-Targeted Resource Concern: INEFFICIENT ENERGY USE - Farming/Ranching Practices and Field Operation</b>	
20. a. Applicant meets stewardship thresholds for the resource concern, INEFFICIENT ENERGY USE - Farming/Ranching Practices and Field Operation. Planned conservation activities in the schedule of operations will 'exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
20. b. Applicant does not meet stewardship thresholds for the resource concern, INEFFICIENT ENERGY USE - Farming/Ranching Practices and Field Operation. Planned conservation activities in the schedule of operations will 'meet and exceed' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
20. c. Applicant does not meet stewardship thresholds for the resource concern, INEFFICIENT ENERGY USE - Farming/Ranching Practices and Field Operation. Planned conservation activities in the schedule of operations will 'meet' planning criteria for the resource concern by the end of the contract.	Yes <input type="radio"/> or No <input type="radio"/>
