

## Zone 5 - Statewide NIPF Fund Pool

### Targeted Resource Concerns

<b>SOIL EROSION</b>	Are you using conservation activities on your roads to prevent soil erosion (water bars, culverts and/or rolling dips)?	25
<b>SOIL QUALITY DEGRADATION</b>	Will an enhancement be planned that will increase on-site carbon storage?	15
<b>WATER QUALITY DEGRADATION</b>	Will an enhancement be planned that will increase the width of an existing forest or herbaceous buffer that is adjacent to a known 303d listed water course?	15
<b>DEGRADED PLANT CONDITION</b>	Are you using forest management techniques on 100% of the agricultural operation to reduce fuel loads and reduce the risk of catastrophic fire?	40
	Is there active management on the NIPF agricultural operation to suppress invasive species?	25
<b>FISH AND WILDLIFE - INADEQUATE HABITAT</b>	Will an enhancement be planned that will provide additional habitat benefit to species listed in the Oregon Conservation Strategy?	30
	Total	150
