

FY 2019 Screening Criteria Worksheet - RCPP/EQIP

Water Quality Improvement through the Implementation of Forestry Practices

A Screening Worksheet is required to be completed for each eligible application.

Instructions:
 This screening worksheet must be completed for each eligible producer applying for EQIP assistance for the Water Quality Improvement through the Implementation of Forestry Practices project. Applications will be accepted on a continuous basis. High priority applications will not be batched but will be automatically considered for funding regardless of ranking score.
 Completion of this worksheet and documentation does not constitute agreement to provide EQIP program benefits or approval of an EQIP contract. The original screening worksheet should be filed with the applicant case file or EQIP program file and the screening priority (High or Low) must be recorded in ProTracts. Upon request, a copy of any completed screening worksheet may be provided to the applicant.

Applicant Name:		County:	
Application No:		Field Office:	
Evaluator Name:		Date:	

Priority Determination for ProTracts - Select One:

High Priority Category: The application will be considered high priority if all the following are met:

- The participant has developed and signed a Forest Stewardship/Management Plan with the Kansas Forest Service and a compatible conservation plan has been developed and signed with the Natural Resources Conservation Service.
- Unit of concern is located within the project boundary.

Low Priority Category: DO NOT FUND OR RANK LOW-PRIORITY APPLICATIONS

- All other applications.
