

EQIP Organic Initiative Self-Certification Worksheet

This self-certification form must be used by each producer applying for EQIP Organic Initiative assistance. The goal of the Organic Initiative is to ensure that conservation technical assistance and EQIP benefits are allocated to address resource concerns related to organic production. In order to qualify for the Organic Initiative, a producer must self-certify that they meet one of the following three categories:

1. Certified Organic

I, _____, hereby acknowledge that I am a certified organic producer and I will provide NRCS with a copy of my current USDA National Organic Program (NOP) organic certificate or proof of good standing from a USDA-accredited certifying agent. I understand that I am required to maintain organic certification throughout the life of the EQIP OI contract. If certification is not maintained, the contract may be terminated.

Sections 6501-6522). I understand my application will be ranked with transitioning organic producers provided I meet eligibility requirements. I certify that I sell less than \$5,000 in organic products annually and I have provided the required documentation. I agree to notify NRCS should my exempt from certification status change during the life of the EQIP OI contract.
