

Wetland Determination Job Approval Authority Matrix

7/15/2020

Descriptions of levels are included in the state instructions:
Title 180 Part 380.9 Job Approval Authority

Name	Offsite Determinations	Soils Determinations	Vegetation Determination	Hydrology Determination	Wetland Labels
Jenifer Coleson	1	1	1	1	1
Kevin Davis	2	2	2	2	2
Heather Noel	3	3	3	3	3

Level 1	Has attended appropriate training, but lacks the experience to conduct the task independently
Level 2	Has successfully completed all required training, including updated courses. Can apply the principles with limited oversight. Data sheets require review by a Level 3 wetland specialist.
Level 3	Has successfully completed all required training, including updated courses. Has demonstrated proficiency in applying the principles. No review is needed.

I certify that those staff members provided the highest job approval authority (Level 3) have successfully completed all appropriate training, including updated courses, related to the skills needed to accomplish the specific task listed and have repeatedly demonstrated the proficiency needed to make an adverse technical decision as defined in the NRCS Appeals Procedures (7 CFR 614).
