PROJECT OVERVIEW

The United States Department of Agriculture-Natural Resources Conservation Service (USDA-NRCS) is proposing a project (Proposed Project) sponsored by the Heart Mountain Irrigation District (HMID) to pipe four open laterals with High-Density Polyethylene (HDPE) pipe, replace existing turnout structures with meters, and install water quality monitoring stations on the Shoshone River and its tributaries.

The Proposed Project would support water conservation, provide reliable irrigation to increase agricultural crop yields and would improve water quality monitoring efforts for the Shoshone River. It would also provide flood protection for local homes, businesses, public infrastructure, and over 800 acres of farmland and livestock range. The Proposed Project would be funded through the Watershed Protection and Flood Prevention Act (Public Law [PL] 83-566).

PUBLIC SCOPING MEETING

Thursday, Nov. 5, 2020, 5 – 7 p.m.
Mountain View Clubhouse
1001 Road 18 (HWY 294), Powell, Wyoming 82435

NRCS will hold a public scoping meeting as part of the Environmental Assessment (EA) to provide information about the conceptual design and to collect public comments. The public is invited to attend the scoping meeting to LEARN MORE, ASK QUESTIONS, and SUBMIT COMMENTS.

Please Note: In accordance with the WY Governor’s Office request, face masks will be required along with social distancing practices to promote the health and safety for all.

HOW TO SUBMIT A COMMENT

Written comments can be submitted remotely during the public scoping period starting Nov. 5, 2020 and ending on Dec. 10, 2020. All questions and comments should be directed to:

Elizabeth Spaulding, The Langdon Group
2760 W Excursion Ln, Ste 400
Meridian, ID 83642
208-685-9361
Shoshone@WYWatershed.com

Comments must be received by Dec. 10, 2020. Additional information may be found at www.nrcs.usda.gov/wps/portal/nrcs/site/wy/home/ or www.heartmtnirrigation.com/
Por favor contáctenos al 801-633-1056 para información en Español.
