Mission Statement

Partnerscapes brings people, working landscapes and communities together in conservation.
Partnerscapes Focus

- Natural Resources on rural working landscapes
- Agricultural producers, small communities partnering with agencies and organizations focused on natural resource conservation
- Three-legged stool (ecology, economy, social)
- Whole system solutions
- Inclusive, civil dialogue, outcome focused
- Local leadership particularly landowner leadership
What Partnerscapes Does

 Promotes public/private partnerships
 Supports voluntary incentive-based programs
 Works to grow & leverage conservation funding
 Supports local, watershed and/or place-based conservation efforts
 Communicates, educates and shares on-the-ground challenges and successes
 Conducts training and outreach on partnership development and collaborative conservation from a landowner perspective
 Hosts Private Lands Partners Day annually
What is Private Lands Partners Day?

- Landowners and conservation partners from 30 plus states
- Attendance around 200
- Opening reception, field trip day, conference day, closing dinner and benefit auction
- Field trip highlights conservation partnership work “near” the conference site
- Conference day features stories from host state and from around the country
