SAFETY REGULATIONS
All excavation and methods of construction shall be in accordance with the Maryland occupational safety and health administration (OSHA) standards as set forth in the latest version of the Code of Maryland Regulations

CONSTRUCTION NOTIFICATION
The Contractor/Owner is to notify the County Soil Conservation District at least 72 hours prior to construction to facilitate any scheduling, layout, or preliminary mobilization necessary to ensure proper construction inspection to enable appropriate certification of the project.

Construction found not in accordance with these drawings and specifications shall violate the cooperative agreement and all drawings, specifications, and quantities estimate shall immediately be returned to the local NRCS office.

There will be no changes in specification, dimensions, or materials unless approved by the Engineer responsible for this drawing. The drawings are prepared cooperatively by the Natural Resource Conservation Service for the named Landowner.

Construction found not in accordance with these drawings and specifications shall violate the cooperative agreement and all drawings, specifications, and quantities estimate shall immediately be returned to the local NRCS office.

GENERAL NOTES:
- Please contact the Soil Conservation District at Phone # for a pre-construction meeting at least 3 days prior to construction to arrange a pre-construction meeting.
- A conservation technician shall be present at the time of pipe installation if required.
- A conservation technician shall be present at the time of pipe installation if required.
