Initial setting: (1) On any type of upland land use where a recreational facility is needed for effective and safe use of a recreation resource, or (2) on existing recreation land where minimization of on and offsite impacts to resources is needed.

Recreation Land Grading and Shaping (566)

1. Grading and shaping of undeveloped areas to install a recreational facility

D.1 (+) Cost of materials, installation, and maintenance

D.2 (+) Access

D.3 (+) Vehicular traffic

D.4 (+) Erosion

D.5 (+) Runoff from area

I.1 (+/-) Net return

I.2 (+) Ability to maintain or gain full use of all available land and facilities

I.3 (+) Land values

I.4 (+) Recreational opportunities

I.5 (+) Recreation business and support infrastructure

I.6 (+) Wildlife habitat fragmentation (upland)

I.7 (-) Upland wild animal movement; (+) stress

I.8 (+) Compaction

I.9 (+) Contaminants, pathogens, sediments to receiving waters

I.10 (+/-) Quality of surface waters and aquatic habitats

I.11 (+) Flooding, ponding

Waterbars and other structures to safely convey runoff

Water and Sediment Control Basin (638)

C.1 (+/-) Income and income stability (individuals and community)

C.2 (+/-) Health of humans, domestic and wild animals

C.3 (+/-) Biodiversity

C.4 (-) Soil quality

C.5 (+/-) Health of humans, domestic and wild animals

C.6 (+/-) Biodiversity

C.7 (+/-) Income and income stability (individuals and community)

C.8 (+/-) Health of humans, domestic and wild animals

C.9 (+/-) Biodiversity

C.10 (+/-) Income and income stability (individuals and community)

C.11 (+/-) Health of humans, domestic and wild animals

C.12 (+/-) Biodiversity

C.13 (+/-) Income and income stability (individuals and community)

C.14 (+/-) Health of humans, domestic and wild animals

C.15 (+/-) Biodiversity

C.16 (+/-) Income and income stability (individuals and community)

C.17 (+/-) Health of humans, domestic and wild animals

C.18 (+/-) Biodiversity

C.19 (+/-) Income and income stability (individuals and community)

C.20 (+/-) Health of humans, domestic and wild animals

C.21 (+/-) Biodiversity

C.22 (+/-) Income and income stability (individuals and community)

C.23 (+/-) Health of humans, domestic and wild animals

C.24 (+/-) Biodiversity

C.25 (+/-) Income and income stability (individuals and community)

C.26 (+/-) Health of humans, domestic and wild animals

C.27 (+/-) Biodiversity

C.28 (+/-) Income and income stability (individuals and community)

C.29 (+/-) Health of humans, domestic and wild animals

C.30 (+/-) Biodiversity

C.31 (+/-) Income and income stability (individuals and community)

C.32 (+/-) Health of humans, domestic and wild animals

C.33 (+/-) Biodiversity

C.34 (+/-) Income and income stability (individuals and community)

C.35 (+/-) Health of humans, domestic and wild animals

C.36 (+/-) Biodiversity

C.37 (+/-) Income and income stability (individuals and community)

C.38 (+/-) Health of humans, domestic and wild animals

C.39 (+/-) Biodiversity

C.40 (+/-) Income and income stability (individuals and community)

C.41 (+/-) Health of humans, domestic and wild animals

C.42 (+/-) Biodiversity
