

<p> Sinking Creek Fund Account Fact Sheet Fiscal Year 2022 </p>
--

Eligibility
<p>The Sinking Creek Fund Account is for applicants with land in the Sinking Creek Watershed (HU 051302060203) located in Logan and Simpson Counties. The objective of this focused conservation project is to improve water quality by decreasing the amount of sediment, nutrients, and possibly pathogens leaving crop fields. At least 51% of offered acres must be within the watershed boundary. Only contiguous land adjacent to the watershed can be offered.</p>

Ranking Questions
1. Does the planned land unit intersect a well head protection area or karst area as identified by DOW by at least 50%?
2. Planned practices will address gully erosion by implementing Water & Sediment Control Basins, and/or Grassed Waterway(s) or Grade Stabilization Structure.
3. The majority of the PLU acres have a land slope greater than 5%?
4. Greater than 30% of the PLU acres are located in sinkhole basins?
5. Implementing items recommended in an NMP or CNMP?
6. Planned practices will remove livestock access to stream or open sinkhole areas by fencing and/or installing pipeline and watering facility?
7. Planned practices will filter water entering stream or open sinkholes with vegetative filter strip or grassed waterways.
8. Planned practices will reduce sheet and rill erosion on cropland by implementing cover crops or reduced tillage system.
