

National Water Quality Initiative for Salt River Fiscal Year 2017 Application Screening Worksheet <u>A Screening Worksheet must be completed for each eligible EQIP application.</u>		
Applicant Name:		
Evaluator Name:		
Date:	Batching Number:	Application No:
<p>EQIP is a competitive financial assistance program and applications are screened and ranked based on the expected conservation benefits of planned practices in the EQIP schedule of operations. This screening worksheet must be completed for each eligible applicant applying for financial assistance. Applications are accepted on a continuous basis; however, application batching periods are established for purposes of ranking and funding decisions. A screening worksheet can be processed for each application batching period. The goal of this screening tool is to ensure that conservation technical assistance and EQIP program benefits are managed efficiently to address priority conservation needs. Completion of this worksheet and documentation does not constitute an agreement to provide EQIP program benefits nor approval of a program contract. The original screening worksheet should be filed with the applicant case file or EQIP program file and unless the application is determined to be ineligible, the screening priority (High, Medium, and Low) must be recorded in ProTracts. Upon request, a copy of any completed screening worksheet may be provided to the applicant. The priority determination of High, Medium or Low must be recorded in ProTracts for this applicant.</p>		
Screening Criteria Questions		Action
The applicant has reviewed and approved the EQIP schedule of operations that will be uploaded to the NRCS business tool, ProTracts, before or by the ranking deadline.		If Yes, continue to the next question. If No, Low Priority Status in ProTracts.
In the last two EQIP program fiscal years, the applicant: <ol style="list-style-type: none"> Had a NRCS contract terminated – and/or, Failed to implement contract items in an existing EQIP contract according to the schedule in Form, NRCS-CPA-1155, "Conservation Plan and Schedule of Operations," and the contract was modified to reschedule contract items - installation delays were not due to NRCS error or design delay – and/or, Failed to implement rescheduled contract items agreed to according to Form, NRCS-CPA-153, "Agreement Covering Non-Compliance with Provisions of Contract," and Form, NRCS-CPA-1156, "Revision of Plan/Schedule of Operations or Modification of a Contract," – and/or Installed conservation practices with financial assistance from NRCS that have not been maintained according to the practice operations and maintenance for the practice lifespan. 		If Yes, Low Priority Status in ProTracts. If No, continue to the next question.
The EQIP schedule of operations is for a Conservation Activity Plan (CAP) .		If Yes, High Priority Status in ProTracts. If No, continue to the next question.
Both bulleted items below are true – <ul style="list-style-type: none"> All conservation practices in the EQIP schedule of operations will be implemented on land physically located inside the NWQI watershed. The EQIP schedule of operations includes "core" conservation practices, as identified for the pollutants of the eligible water quality initiative 12-digit watershed, on more than 25 percent of the offered acres. 		If Yes, High Priority Status in ProTracts. If No, continue to the next question.

Screening Criteria Questions		Action
<p>Either of the following are true –</p> <p>1. Both bulleted items below are true:</p> <ul style="list-style-type: none"> • All conservation practices in the EQIP schedule of operations will be implemented on land physically located inside the NWQI watershed. • The application contains “core” conservation practices as identified for the pollutants of the eligible water quality initiative 12-digit watershed. <p>2. Both bulleted items below are true:</p> <ul style="list-style-type: none"> • One or more of the conservation practices in the EQIP schedule of operations will be implemented on land physically located inside the NWQI watershed. • The EQIP schedule of operations includes contains “core” conservation practices as identified for the pollutants of the eligible water quality initiative 12-digit watershed. 		<p>If Yes, Medium Priority Status in ProTracts. If No, Low Priority in ProTracts</p>
