National Priorities Addressed

Issue Questions	Responses
If the application is for development of a Conservation Activity Plan (CAP), the agency will assign significant ranking priority and conservation benefit by answering “Yes” to the following question. Answering “Yes” to question 1a will result in the application being awarded the maximum amount of points that can be earned for the national priority category.	
1. a. Is the program application to support the development of a Conservation Activity Plan (CAP)? If answer is “Yes”, do not answer any other national level questions. If answer is “No”, proceed with evaluation to address the remaining questions in this section.	Yes <input type="radio"/> or No <input type="radio"/>
Water Quality Degradation – Will the proposed project improve water quality by: (select all that apply)	
2. a. Implementing the practices in a Comprehensive Nutrient Management Plan (CNMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Implementing the practices in a Nutrient Management Plan (NMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. c. Reducing impacts from sediment, nutrients, salinity, or pesticides on land adjoining a designated “impaired water body” (TMDL, 303d listed waterbody, or other State designation)?	Yes <input type="radio"/> or No <input type="radio"/>
2. d. Reducing the impacts from sediment, nutrients, salinity, or pesticides in a “non-impaired water body”?	Yes <input type="radio"/> or No <input type="radio"/>
2. e. Implementing practices that improve water quality through animal mortality and carcass management?	Yes <input type="radio"/> or No <input type="radio"/>
Water Conservation – Will the proposed project conserve water by: (select all that apply)	
3. a. Implementing irrigation practices that reduce aquifer overdraft.	Yes <input type="radio"/> or No <input type="radio"/>
3. b. Implementing irrigation practices that reduce on-farm water use?	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Implementing practices in an area where the applicant participates in a geographically established or watershed-wide project?	Yes <input type="radio"/> or No <input type="radio"/>
3. d. Implementing practices that reduce on-farm water use as a result of changing to crops with lower water consumptive use, the rotation of crops, or the modification of cultural operations?	Yes <input type="radio"/> or No <input type="radio"/>
Air Quality - Will the proposed project improve air quality by: (select all that apply)	
4. a. Meeting on-farm regulatory requirements relating to air quality or proactively avoid the need for regulatory measures?	Yes <input type="radio"/> or No <input type="radio"/>
4. b. Implementing practices that reduce on-farm emissions of particulate matter (PM2.5, PM10)?	Yes <input type="radio"/> or No <input type="radio"/>
4. c. Implementing practices that reduce on-farm generated greenhouse gases such as carbon dioxide (CO2), methane (CH4), and nitrous oxide (N2O)?	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Implementing practices that increase on-farm carbon sequestration?	Yes <input type="radio"/> or No <input type="radio"/>
Soil Health:– Will the proposed project improve soil health by: (select all that apply)	
5. a. Reduce erosion to tolerable limits (Soil “T”)?	Yes <input type="radio"/> or No <input type="radio"/>
5. b. Increasing organic matter and carbon content, and improving soil tilth and structure?	Yes <input type="radio"/> or No <input type="radio"/>
Wildlife Habitat – Will the proposed project improve wildlife habitat by: (select all that apply)	
6. a. Implementing practices benefitting threatened and endangered, at-risk, candidate, or species of concern.	Yes <input type="radio"/> or No <input type="radio"/>
6. b. Implementing practices that retain wildlife and plant habitat on land exiting the Conservation	Yes <input type="radio"/> or No <input type="radio"/>

Reserve Program (CRP) or other set-aside program?	
6. c. Implementing practices benefitting honey bee populations or other pollinators?	Yes <input type="radio"/> or No <input type="radio"/>
6. d. Implementing land-based practices that improve habitat for aquatic wildlife?	Yes <input type="radio"/> or No <input type="radio"/>
Plant and Animal Communities: Will the proposed project improve plant and animal communities by: (select all that apply)	
7. a. Implementing practices that result in the management control of noxious or invasive plant species on non-cropland?	Yes <input type="radio"/> or No <input type="radio"/>
7. b. Implementing practice in an Integrated Pest Management Plan (IPM)?	Yes <input type="radio"/> or No <input type="radio"/>
Energy Conservation– Will the proposed project reduce energy use by: (select all that apply)	
8. a. Reducing on-farm energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>
8. b. Implementing practice(s) identified in an approved AgEMP or energy audit, which meet ASABE S612 criteria?	Yes <input type="radio"/> or No <input type="radio"/>
Business Lines – Will the practices to be scheduled in the “EQIP Plan of Operations” result in:	
9. a. Enhancement of existing conservation practice(s) or conservation systems already in place at the time the application is received?	Yes <input type="radio"/> or No <input type="radio"/>

State Issues Addressed

Issue Questions	Responses
1. 1. Will the practices installed result in a reduction in soil erosion and improve soil quality?	Yes <input type="radio"/> or No <input type="radio"/>
2. 2. Will the practices installed result in an improvement to the water quality by the reduction in nutrient and/or sediment loading of water bodies?	Yes <input type="radio"/> or No <input type="radio"/>
3. 3. Will the practices installed result in an improvement in animal/herd health and condition?	Yes <input type="radio"/> or No <input type="radio"/>
4. 4. Will the practices installed result in an increase in water conservation?	Yes <input type="radio"/> or No <input type="radio"/>
5. 5. Will the practices installed result in potential improvement in habitat for at risk species identified by local NRCS, Georgia DNR, and/or US Fish & Wildlife service?	Yes <input type="radio"/> or No <input type="radio"/>
6. 6. Will the practices installed result in an increase in Energy efficiency and/or reduction in Energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>

Local Issues Addressed

Issue Questions	Responses
1. 1 Does the application include practice to reforest cut-over acreage?	Yes <input type="radio"/> or No <input type="radio"/>
2. 2 Does the reforestation plan include species diversity or a plantation of a species other than improved loblolly?	Yes <input type="radio"/> or No <input type="radio"/>
3. 3 Does the application include mid-management practices appropriate for the site?	Yes <input type="radio"/> or No <input type="radio"/>
4. 4 Do the mid-management practices improve wildlife habitat by the resulting stand having a BA less than 50%?	Yes <input type="radio"/> or No <input type="radio"/>
5. 5 Does the application include any practices in addition to Tree/Shrub Site Prep, Tree/Shrub Planting, Prescribed Burn, Firebreak, and Forest Stand Improvement?	Yes <input type="radio"/> or No <input type="radio"/>

8. a. Reducing on-farm energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>
8. b. Implementing practice(s) identified in an approved AgEMP or energy audit, which meet ASABE S612 criteria?	Yes <input type="radio"/> or No <input type="radio"/>
Business Lines – Will the practices to be scheduled in the “EQIP Plan of Operations” result in:	
9. a. Enhancement of existing conservation practice(s) or conservation systems already in place at the time the application is received?	Yes <input type="radio"/> or No <input type="radio"/>

State Issues Addressed

Issue Questions	Responses
1. 1. Will the practices installed result in a reduction in soil erosion and improve soil quality?	Yes <input type="radio"/> or No <input type="radio"/>
2. 2. Will the practices installed result in an improvement to the water quality by the reduction in nutrient and/or sediment loading of water bodies?	Yes <input type="radio"/> or No <input type="radio"/>
3. 3. Will the practices installed result in an improvement in animal/herd health and condition?	Yes <input type="radio"/> or No <input type="radio"/>
4. 4. Will the practices installed result in an increase in water conservation?	Yes <input type="radio"/> or No <input type="radio"/>
5. 5. Will the practices installed result in potential improvement in habitat for at risk species identified by local NRCS, Georgia DNR, and/or US Fish & Wildlife service?	Yes <input type="radio"/> or No <input type="radio"/>
6. 6. Will the practices installed result in an increase in Energy efficiency and/or reduction in Energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>

Local Issues Addressed

Issue Questions	Responses
1. 1 Does the application include practices that make it possible to exclude livestock from a perennial or intermittent stream?	Yes <input type="radio"/> or No <input type="radio"/>
2. 2 Does the application include practices that comprise a system making it possible to break an existing grazing unit into at least two units that can be managed independently?	Yes <input type="radio"/> or No <input type="radio"/>
3. 3 Do the practices in the application enable the operation to provide 30 days of regrowth before regrazing?	Yes <input type="radio"/> or No <input type="radio"/>
4. 4 Does the operator agree to use the practices within this application to identify and utilize an area to stockpile forage and document extension of grazing days for the duration of the contract?	Yes <input type="radio"/> or No <input type="radio"/>
5. 5 Does the application include a practice that will allow the operator to execute a first-time innovation for the operation that provides an environmental benefit? e.g. type of watering facility, type of fencing, species of forage, etc.	Yes <input type="radio"/> or No <input type="radio"/>

Issue Questions	Responses
If the application is for development of a Conservation Activity Plan (CAP), the agency will assign significant ranking priority and conservation benefit by answering “Yes” to the following question. Answering “Yes” to question 1a will result in the application being awarded the maximum amount of points that can be earned for the national priority category.	
1. a. Is the program application to support the development of a Conservation Activity Plan (CAP)? If answer is “Yes”, do not answer any other national level questions. If answer is “No”, proceed with evaluation to address the remaining questions in this section.	Yes <input type="radio"/> or No <input type="radio"/>
Water Quality Degradation – Will the proposed project improve water quality by: (select all that apply)	
2. a. Implementing the practices in a Comprehensive Nutrient Management Plan (CNMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Implementing the practices in a Nutrient Management Plan (NMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. c. Reducing impacts from sediment, nutrients, salinity, or pesticides on land adjoining a designated “impaired water body” (TMDL, 303d listed waterbody, or other State designation)?	Yes <input type="radio"/> or No <input type="radio"/>
2. d. Reducing the impacts from sediment, nutrients, salinity, or pesticides in a “non-impaired water body”?	Yes <input type="radio"/> or No <input type="radio"/>
2. e. Implementing practices that improve water quality through animal mortality and carcass management?	Yes <input type="radio"/> or No <input type="radio"/>
Water Conservation – Will the proposed project conserve water by: (select all that apply)	
3. a. Implementing irrigation practices that reduce aquifer overdraft.	Yes <input type="radio"/> or No <input type="radio"/>
3. b. Implementing irrigation practices that reduce on-farm water use?	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Implementing practices in an area where the applicant participates in a geographically established or watershed-wide project?	Yes <input type="radio"/> or No <input type="radio"/>
3. d. Implementing practices that reduce on-farm water use as a result of changing to crops with lower water consumptive use, the rotation of crops, or the modification of cultural operations?	Yes <input type="radio"/> or No <input type="radio"/>
Air Quality - Will the proposed project improve air quality by: (select all that apply)	
4. a. Meeting on-farm regulatory requirements relating to air quality or proactively avoid the need for regulatory measures?	Yes <input type="radio"/> or No <input type="radio"/>
4. b. Implementing practices that reduce on-farm emissions of particulate matter (PM2.5, PM10)?	Yes <input type="radio"/> or No <input type="radio"/>
4. c. Implementing practices that reduce on-farm generated greenhouse gases such as carbon dioxide (CO2), methane (CH4), and nitrous oxide (N2O)?	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Implementing practices that increase on-farm carbon sequestration?	Yes <input type="radio"/> or No <input type="radio"/>
Soil Health:– Will the proposed project improve soil health by: (select all that apply)	
5. a. Reduce erosion to tolerable limits (Soil “T”)?	Yes <input type="radio"/> or No <input type="radio"/>
5. b. Increasing organic matter and carbon content, and improving soil tilth and structure?	Yes <input type="radio"/> or No <input type="radio"/>
Wildlife Habitat – Will the proposed project improve wildlife habitat by: (select all that apply)	
6. a. Implementing practices benefitting threatened and endangered, at-risk, candidate, or species of concern.	Yes <input type="radio"/> or No <input type="radio"/>
6. b. Implementing practices that retain wildlife and plant habitat on land exiting the Conservation	Yes <input type="radio"/> or No <input type="radio"/>

Reserve Program (CRP) or other set-aside program?	
6. c. Implementing practices benefitting honey bee populations or other pollinators?	Yes <input type="radio"/> or No <input type="radio"/>
6. d. Implementing land-based practices that improve habitat for aquatic wildlife?	Yes <input type="radio"/> or No <input type="radio"/>
Plant and Animal Communities: Will the proposed project improve plant and animal communities by: (select all that apply)	
7. a. Implementing practices that result in the management control of noxious or invasive plant species on non-cropland?	Yes <input type="radio"/> or No <input type="radio"/>
7. b. Implementing practice in an Integrated Pest Management Plan (IPM)?	Yes <input type="radio"/> or No <input type="radio"/>
Energy Conservation– Will the proposed project reduce energy use by: (select all that apply)	
8. a. Reducing on-farm energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>
8. b. Implementing practice(s) identified in an approved AgEMP or energy audit, which meet ASABE S612 criteria?	Yes <input type="radio"/> or No <input type="radio"/>
Business Lines – Will the practices to be scheduled in the “EQIP Plan of Operations” result in:	
9. a. Enhancement of existing conservation practice(s) or conservation systems already in place at the time the application is received?	Yes <input type="radio"/> or No <input type="radio"/>

State Issues Addressed

Issue Questions	Responses
1. 1. Will the practices installed result in a reduction in soil erosion and improve soil quality?	Yes <input type="radio"/> or No <input type="radio"/>
2. 2. Will the practices installed result in an improvement to the water quality by the reduction in nutrient and/or sediment loading of water bodies?	Yes <input type="radio"/> or No <input type="radio"/>
3. 3. Will the practices installed result in an improvement in animal/herd health and condition?	Yes <input type="radio"/> or No <input type="radio"/>
4. 4. Will the practices installed result in an increase in water conservation?	Yes <input type="radio"/> or No <input type="radio"/>
5. 5. Will the practices installed result in potential improvement in habitat for at risk species identified by local NRCS, Georgia DNR, and/or US Fish & Wildlife service?	Yes <input type="radio"/> or No <input type="radio"/>
6. 6. Will the practices installed result in an increase in Energy efficiency and/or reduction in Energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>

Local Issues Addressed

Issue Questions	Responses
1. 1 Does the application include practices to replace an existing irrigation system with Microirrigation or retrofit an existing sprinkler system?	Yes <input type="radio"/> or No <input type="radio"/>
2. 2 Does the application include acreage where a summer cover crop or idle acreage will be part of the Irrigation Water Management Plan on cropland?	Yes <input type="radio"/> or No <input type="radio"/>
3. 3 Does the application include practices to store and utilize roof runoff or allow storage of water from a source at low demand to be utilized at peak demand?	Yes <input type="radio"/> or No <input type="radio"/>
4. 4 Does the application include practices that would allow for the utilization of water and nutrients from liquid animal waste systems on the farm?	Yes <input type="radio"/> or No <input type="radio"/>
5. 5 Do the practices in the application contribute to the utilization of nonpotable water for appropriate uses? e.g. roof runoff for cool cell operation, liquid animal waste for nutrient application, etc.	Yes <input type="radio"/> or No <input type="radio"/>
