

**GREAT LAKES RESTORATION INITIATIVE  
Wisconsin GLRI-EQIP Conservation Practices**

<b>Practice Code</b>	<b>Practice Name</b>	<b>Type</b>
472	Access Control	Supporting
560	Access Road	Supporting
309	Agrichemical Handling Facility	Supporting
333	Amending Soil Properties with Gypsiferous Products	Core
366	Anaerobic Digester	Supporting
316	Animal Mortality Facility	Supporting
326	Clearing & Snagging	Supporting
317	Composting Facility	Supporting
102	Comprehensive Nutrient Management Plan CAP	CAP
327	Conservation Cover	Core
328	Conservation Crop Rotation	Core
656	Constructed Wetland	Supporting
332	Contour Buffer Strips	Core
330	Contour Farming	Core
340	Cover Crop	Core
342	**Critical Area Planting	Core/Supporting
605	Denitrifying Bioreactor	Core
362	Diversion	Core
554	Drainage Water Management	Core
130	Drainage Water Management Plan CAP	CAP
382	Fence	Supporting
386	Field Border	Core
393	Filter Strip	Core
512	Forage and Biomass Planting	Supporting
410	Grade Stabilization Structure	Supporting
412	Grassed Waterway	Core
561	Heavy Use Area Protection	Core
595	Integrated Pest Management	Supporting
114	Integrated Pest Management Plan CAP	CAP
527	Karst Sinkhole Treatment	Supporting
468	Lined Waterway or Outlet	Supporting
516	Livestock Pipeline	Supporting
484	Mulching	Supporting
590	Nutrient Management	Core
104	Nutrient Management Plan CAP	CAP

500	Obstruction Removal	Supporting
582	Open Channel	Core
521D	Pond Sealing or Lining, Compacted Clay Treatment	Supporting
521A	Pond Sealing or Lining, Flexible Membrane	Supporting
528	Prescribed Grazing	Core
533	Pumping Plant	Supporting
329	Residue and Tillage Management, No Till	Core
391	Riparian Forest Buffer	Core
558	Roof Runoff Structure	Supporting
367	Roofs and Covers	Supporting
350	Sediment Basin	Supporting
572	Spoil Spreading	Supporting
574	Spring Development	Supporting
570	Stormwater Runoff Control	Supporting
578	Stream Crossing	Supporting
580	Streambank and Shoreline Protection	Supporting
585	Stripcropping	Supporting
587	Structure For Water Control	Supporting
606	Subsurface Drain	Supporting
600	Terrace	Supporting
575	Trails and Walkways	Supporting
612	Tree/Shrub Establishment	Core
490	Tree/Shrub Site Preparation	Supporting
620	Underground Outlet	Supporting
635	Vegetated Treatment Area	Supporting
360	Waste Facility Closure	Supporting
632	Waste Separation Facility	Supporting
313	Waste Storage Facility	Core
634	Waste Transfer	Supporting
629	Waste Treatment	Supporting
638	Water & Sediment Control Basin	Supporting
642	Water Well	Supporting
351	Water Well Decommissioning	Supporting
614	Watering Facility	Supporting
657	Wetland Restoration	Supporting
380	Windbreak/Shelterbelt Establishment	Core

*\*\* Critical Area Planting (342) will only be considered a core practice if 342 will be the primary/dominant practice used to address the resource concern. If 342 is used as the seeding component for another conservation practice (ex. 410, 350, 360, etc.); then 342 will not be considered a core practice, and would then be considered a supporting practice.*
