

APPLICATION SCREENING AND ELIGIBILITY TOOL

Montana NRCS Conservation Stewardship Program (CSP) FY22

Complete this tool for each CSP application. File the completed worksheet with the application and subsequent contract if selected for funding. ‘Low’ priority applications will not be ranked in the Conservation Assessment and Ranking Tool (CART) unless directed by state Programs managers.

Also refer to 440-CPM-530.20 E., *Ineligible Applicants*. Where the applicant or the land does not meet general or program-specific eligibility requirements and ineligibility is required by program policy, NRCS must immediately notify the applicant of this adverse decision using exhibit 530.141B, *Ineligibility Determination for Conservation Program Contract Letter*, and include exhibit 530.143M, *Appeal Rights*. If NRCS otherwise determines that the application will not be assessed, follow the provided guidance and notify the applicant of the action using 440-CPM-530 subpart O, exhibit 530.141A *Application Deferral Letter Template* after the funding obligation period is complete.
