Establishing Eligibility for USDA Programs

This document explains how to establish eligibility for USDA Programs and the steps on how to apply for USDA Programs

September 2019

FORMS NEEDED TO APPLY
If you have never worked with the United States Department of Agriculture (USDA) and don’t have a farm and tract number, you will need to make an appointment with the Farm Service Agency (FSA) at your local USDA Service Center to establish eligibility for USDA programs.

You will need to bring the following information to the appointment:
• Proof of Identity – you may be required to show a valid state driver’s license, passport or other personal identification, as well as provide your Social Security or Employer Identification (EIN) numbers, address and other related information.
• Copy of the recorded deed
• Copy of the articles of incorporation, bylaws, legal power of attorney or partnership paperwork, if applicable

FORMS AVAILABLE AT USDA SERVICE CENTER
• Form AD 1026 – Highly Erodible Land Conservation and Wetland Conservation Determination
• Form CCC 941 – Adjusted Gross Income Certification and Consent to Disclosure of Tax Information
• Form CCC 901 – Members’ information for entity and joint operations only
• Form CCC 902-I Farm Operating Plan for an Individual
• Form CCC 902-E - Farm Operating Plan for an Entity
• Form AD 2047 - Customer Data Worksheet for New Producers

It takes time for the paperwork to be processed and additional information may be needed. Please start this process early in order to ensure you are eligible prior to any program sign-up cutoff dates. If you apply for a USDA program and the system does not show you or your entity as eligible, your application will not be processed or funded.

CONFIDENTIAL and PRIVATE INFORMATION
Many of the program application forms or documentation require the applicant to provide sensitive contact, financial or other confidential information. Disclosure of this data is voluntary, but failure to provide the required information may result in the deferral of an application or denial of a benefit payment. By law and policy, ‘confidential, private and sensitive information’ is protected by USDA. USDA employees and partners are subject to penalty and disciplinary action for inappropriate or mismanagement of private data.

USDA is an equal opportunity provider, employer and lender.
APPLYING FOR USDA-NRCS PROGRAMS
If you are already a USDA program participant, your records should be on file with FSA, and you are eligible to apply for USDA-Natural Resources Conservation Service (NRCS) programs.

USDA-NRCS Forms
You will need to submit the following paperwork to the NRCS office at your local USDA Service Center prior to any program sign-up cutoff dates. The office will have these forms and can assist you with the paperwork. Additional items may be needed for specific programs.

• Form NRCS CPA 1200, signed and dated by all applicants. Please be sure to answer all questions, one through 11. You may be eligible for additional program benefits if you are able to apply as a:
  • Limited resource farmer,
  • Beginning farmer, or
  • Socially disadvantaged (minority) farmer.

• Form NRCS CPA 1202 CPC appendix. Please read the appendix and address any questions you have to the NRCS representative.

• Form 1199 A, direct deposit form. You may apply for a one-time hardship waiver if you do not wish to utilize direct deposit.

Land Ownership or Control
You will be required to provide evidence that you own (deed, etc.) or operate (FSA Producer Farm Data Report) the land. You may also need to provide landowner concurrence (lease, rental agreement, landowner concurrence letter) to document that you have control to implement, operate and maintain all management practices and permission to install, operate and maintain all structural and vegetative practices in the program contract.

Signature Authority
If the applicant is an entity, documents such as articles of incorporation, charter, bylaws, partnership agreements, trust agreements, wills and similar legal evidence will be needed. If an individual will be signing on behalf of the participant, a POA form (FSA-211) is needed.

Conservation plan
If you do not have a conservation plan on file, the NRCS representative will schedule an appointment with you to complete the on-site assessment and plan. If you already have a conservation plan on file, the NRCS representative will go over your plan. Then you will decide which practices you want to include in the program application(s), and complete the application process.

If you are using a Technical Service Provider (TSP), you will need to provide the TSP’s registration number.

Program application & ranking
Your NRCS representative will complete the application(s) for specific programs in the computer system, ask for any additional information needed, and rank the application(s). The ranking is based on federal, state and local ranking factors. After the sign-up cutoff date, the highest ranked applications will be funded until the money is exhausted.

Inform your District Conservationist if you are enrolled in other Farm Bill programs so duplicate payments are not made.

FOR MORE INFORMATION
If you would like more information about Farm Bill Program opportunities, check out the Indiana NRCS webpage at: https://www.nrcs.usda.gov/wps/portal/nrcs/in/programs/

For more information about USDA-NRCS program eligibility or applying for a program, please contact your local NRCS office. You can find your local NRCS office by visiting the Indiana NRCS website at: https://www.nrcs.usda.gov/wps/portal/nrcs/in/contact/local/
