What is RCPP?
The Regional Conservation Partnership Program (RCPP) promotes coordination of NRCS conservation activities with partners that offer value-added contributions to expand our collective ability to address on-farm, watershed, and regional natural resource concerns. Through RCPP, NRCS seeks to co-invest with partners to implement projects that demonstrate innovative solutions to conservation challenges and provide measurable improvements and outcomes tied to the resource concerns they seek to address.

Eligible Practices
The project establishes an approach for private sector conservation planning support for practices such as:
- Cover Crops
- Residue and Tillage Management, No Till
- Denitrifying Bioreactors
- Wetland Restoration
- Saturated Buffer
- Constructed Wetland

More Information
For more information about RCPP or other conservation planning and financial assistance opportunities, contact your local NRCS office.

Funding:
Duration: Three years (2021-2023)
Federal Funds: Financial Assistance $6,807,000
Technical Assistance $500,000
